

## Fearful Of Tests, War Winds

**Khrushchev Says Reds Won't Start A Nuclear War**

MOSCOW (AP) — Indian Prime Minister Nehru came out gloomily from talks with Soviet Premier Khrushchev today and said the world was fearful of atomic tests and "foul winds of war."

The Indian leader did not specifically mention the Soviet Union but this is the only country reported now to be testing nuclear devices.

Nehru remarked: "Once again the foul winds of war are blowing. There are atomic tests and the world grows fearful."

Nehru made the statement at a meeting with Indians, mostly students and diplomats, living in Moscow.

His reference to nuclear tests startled Westerners here who have been awaiting an official Soviet announcement of the four Soviet nuclear shots in the atmosphere over central Asia that have been reported by the United States.

"It is strange that when man has the power to improve the lot of humanity and to open the doors of progress, the ghost of war should fall on us," Nehru said.

"I cannot understand why man should do this."

Nehru and Khrushchev, earlier in the day, spent 2½ hours discussing a nuclear test ban and the explosive Berlin crisis.

Afterward, Khrushchev said the Soviet people do not want war and will never be the first to use arms but are being forced to strengthen their defenses because a "war psychosis is being fanned in the West."

Khrushchev spoke briefly at a luncheon given at the Indian Embassy by Nehru who came here from the Belgrade conference of 25 unaligned nations to press their plea for a halt to "war preparations between Khrushchev and President Kennedy."

Wednesday night Khrushchev again called for a multi-nation German peace treaty conference.

Khrushchev, speaking at a Kremlin banquet in honor of Indian Prime Minister Nehru, made no reference to the message Nehru had brought him from Belgrade. Instead he called again on all powers that fought Nazi Germany to attend an international conference to conclude a German peace treaty.

## 18 Petitions Are Filed On Back Taxes

Pettis County Prosecuting Attorney J. R. Fritz, on behalf of Thomas Eagleton, Missouri attorney general, filed 18 petitions for payment of delinquent state income taxes against Pettis Countyans in Magistrate Court Thursday morning.

A total of \$584.50 in delinquent taxes, and \$145.30 in penalties, is sought in the petitions. Each petition covers a one-year period, and some individuals have as many as four petitions filed against them. Some date back to 1956.

In the petitions the prosecuting attorney states that the amounts have been assessed by the state director of revenue, then certified to the attorney general for collection. The petition also states that demands on each individual for payment of the taxes and penalties have failed.

The individuals, amounts due and the year the amounts represent, follow:

James E. Noel, Jr., 1807 South Carr, \$17.50 in taxes plus \$4.38 in penalties for 1960.

Sylvia and Charles F. Kyger, 810 Crescent Drive, \$87.50 in taxes and \$21.88 in penalties for 1956; \$87.50 and \$21.88 for 1957, and \$67.50 and \$16.88 for 1958.

Cecil H. Buchholz, Route 3, LaMonte, \$39 in taxes and \$9.75 in penalties for 1956; \$23.50 and \$5.88 for 1958.

Helen D. Carter and Bennie M. Carter, 724 West Cooper, \$17.50 in taxes and \$4.38 in penalties for 1956; \$17.50 and \$4.38 for 1957, and \$5 and \$1.25 for 1958.

Harold E. Jones, 205 East Jefferson, \$17.50 in taxes and \$4.38 in penalties for 1956; \$17.50 and \$4.38 for 1957, and \$7 and \$1.75 for 1958.

Phillip Ream, 648 East 14th, \$35 in taxes and \$8.75 in penalties for 1956; \$35 and \$8.75 for 1957, and \$17.50 and \$4.38 for 1958.

Dorothy Russell and Walter Russell, 2420 Greenwood, \$17.50 in taxes and \$4.38 in penalties for 1956; \$17.50 and \$4.38 for 1957, and \$5 and \$1.25 for 1958.

**PREPARATION FOR THE FAIR**—Cole Campers were still working feverishly late last night getting things ready for opening of the annual City Fair this morning. Scenes like the above were to be found throughout the town. In the top photo, postmaster Les Alderman puts a finishing touch on the American Legion float and the mermaid (inset) is Rita Keyte who had a hard time getting into the costume

she will wear in the parade each evening at 7:45. In the lower photo are flower makers working on the senior float. More than 52,000 flowers adorn the senior's entry. ## Cole Camp Fair Underway; 35,000 Expected to Attend

By W. D. HILL

The 1961 Cole Camp Fair opened today and Cole Campers are braced for an estimated attendance of more than 35,000 during the three days of events which close Saturday night.

Under the auspices of the Benton County Agricultural and Mechanical Society, the event promises to be one of the biggest in years. Started in 1916 and missing only seven seasons since, it is believed to be the only City Fair remaining in Missouri.

Parades, as usual, highlight the program and central Missourians who have attended a Cole Camp Fair parade vow to never miss another. The colorful floats rate second only to those entered in the annual Rose Bowl event in Los Angeles. The floats will pass in review each evening at 7:45.

Streets are blocked off, stands line the streets, exhibits are everywhere and the town of little more than 800 is gaily decorated.

A review of the goings-on Wednesday night and a peek at many of the floats still being worked on gave some insight into the many hours spent by Cole Campers getting prepared for opening day. Leo Boesch, a fair official nine years, acted as escort during the tour.

One of the many beautiful floats, and work was still a long way from being finished, is the one by the High School seniors. It's called "Sea Fantasy." It features King Neptune and his court being drawn by two sea horses. Mermaids adorn the flower-laden deck of the float and the sea shell throne.

Mrs. Pearl Traugott, chairman of the senior float project, said

there were more than 52,000 flowers on the float. Thirty-eight rolls of pink tissue were used to make 1,400 pink roses and 82 boxes of facial tissue was expended in making the some 41,000 white roses.

Asked where all the help came from, C. C. Moore, whose daughter was working busily on flowers, replied, "Well, they sorta drafted them." Many of the students said they would be up most of the night (Wednesday) getting the float ready to roll in tonight's parade.

The fancy mermaid costumes

for this particular float were designed and made by senior Nancy Brockman. Work on the float, which is 31 feet long, began on July 15.

Still making flowers for the entry late Wednesday were Nancy Brockman, Joyce Bush, Janet Intemann, Charlete Moore, JoEtta Hagston and Louetta Schnakenberg. Thomas Hill was providing the trimming shears.

Prizes being offered float entries in the parade total \$1,000. First place in the general parade will receive \$100, second place, \$50.

## 52nd Annual Calhoun Colt Show Is Set for Weekend

By LARRY EMBRY

A country fair that grew from a friendly argument between two farmers is slated for its 52nd annual showing Friday and Saturday at Calhoun in Henry County.

The Calhoun Colt Show, which citizens boast is the oldest of its kind in Missouri, kicks off Friday at noon with a dinner followed by a dairy show at 1 p.m. A full slate of judging events in farm and home products, horses and livestock culminates Saturday evening with the crowning of the 1961 Colt Show queen.

How the annual event came to be is recalled each year in the show's premium catalog. It seems two farmers, Frank Richardson and Bud Garret, were in town one August evening in 1902 and in the course of their conversation Frank remarked he had the best colt in the county. Bud quickly retorted he wasn't so certain of

that as he had a couple of good ones himself. Garret suggested the two bring in their colts for comparison.

This word soon got out and the local newspaper, The Clarion, announced a colt show would be held Saturday, Aug. 9, and local farmers were to bring in their colts. The results were that some 25 young horses and mules were exhibited and hastily appointed judges named the winners. Merchants took an impromptu collection for prize money.

Such was the popularity that city officials met and organized committees to plan the event for the coming year. The show became an annual favorite which attracts practically everyone in the surrounding area and lures former Calhoun residents from near and far back to their home town.

Officers in charge of this year's event are headed by J. W. Bradley, president. Others are Rolla R. Jones, vice-president; and M. L. George, secretary-treasurer. W. E. Major, Fred French, Luther Hutcherson, E. W. Peters, Walter Wiley, Josh Carney, Lee Jones, Clifton Fowell and Floyd Jones are directors.

### Hurt Fatally At Convention

KANSAS CITY (AP)—Rev. A. G. Wright of Detroit, died early today of injuries suffered Wednesday during an outburst of jostling and pushing when two rival factions of the National Baptist Convention, USA, sought control of the rostrum at Municipal Auditorium.

The Rev. Mr. Wright fell off the stage during the struggle. His head hit the floor. He died at 3 a.m. today in Menorah Hospital. He was about 50 years old.

Delegates to the annual meeting of the Negro organization are scheduled to elect officers today under a court approved plan designed to prevent further violence. About 6,000 delegates are here for the meeting.

## Guard Divisions On Notice To Replace Regular Groups

### State Guard Units Tapped For Call-up

**Training Program Will Prepare Some Units For Duty**

WASHINGTON (AP) — Four National Guard and Army Reserve units were tapped by the Defense Department Wednesday for intensified training and additional personnel in preparation for a possible call-up to active duty.

In all, 22 Missouri and Kansas units — National Guard and Reserve — were designated as priority outfits for possible mobilization.

The Kansas outfits in the higher priority group are the 12th Ordnance Company of Wichita and the 323rd Ordnance Company of Colby — National Guard units — and the 154th Signal Company of Herington and the 704th Chemical Company of Kansas City — Reserve units.

The units in the lower priority will receive intensified training and the largest of these is the 175th Military Police Battalion of the Missouri National Guard.

The battalion's headquarters and headquarters detachment are at Fulton and it has companies at Columbia, Warrenton, Moberly and Hannibal.

Here are the other outfits put on priority status:

Missouri  
National Guard—923rd Medical Company, Kansas City.

Reserve—The 145th Medical Detachment of Kansas City and the 117th, 904th and 367th Medical Detachments and the 759th Transportation Battalion, the 219th Transportation Company and the 225th and 226th transportation detachments, all of St. Louis.

Kansas  
National Guard—174th Military Police Battalion, Coffeyville, headquarters and headquarters detachment, 110th Ordnance Battalion, Norton; 169th Ordnance Company, Phillipsburg; 170th Ordnance Company, Mankato; 132nd Ordnance Company, Pittsburg; and headquarters and headquarters detachment, 496th Ordnance group, Topeka.

Reserve—388th Medical Depot, Hays, and the 662nd Transportation Company, Emporia.

### Inquest Slated In Versailles Woman's Death

COLUMBIA, Mo. (AP)—An inquest will be conducted Friday into the death of Mrs. E. H. Johnson, 36, of Versailles, who died of a gunshot wound in the head Saturday.

Mrs. Johnson died half an hour after she was admitted to a hospital here. Her 61-year-old husband, a Lake of the Ozarks real estate dealer, has been charged with first degree murder in Morgan County. He is free on \$10,000 bond.

Johnson is said to have told authorities he shot his wife with a .38 caliber pistol as she was threatening him with a .410 shotgun. The incident occurred at the Johnson home Saturday.

Dr. Richard Johnson, Boone County coroner, said evidence from the inquest will be turned over to the Morgan County authorities. In Missouri, an inquest is held in the county where the death occurred.

### Record Baby Crop Born At Bothwell Hospital In August

A record number of babies were born at Bothwell Hospital last month, officials reported today.

Ninety-eight babies were born there during the month of August which broke an all time high record which had stood for twelve months. The previous record occurred during the same time of the year, in August of last year. During that month 93 babies were born.

The newly remodeled obstetrical department was completed in the spring of 1960. With these new facilities, it was not necessary to eliminate visiting hours in the obstetrical department, as it formerly was when there was an unusually large number of babies and mothers in the department at one time.

## Kimball Backus Assigned To Minuteman Project

Assignment of Kimball L. Backus, supervisory real property officer, as chief of the U.S. Army Corps of Engineers real estate office recently established in Sedalia to handle land and rights-of-way acquisition for the Minuteman intercontinental ballistic missile complex to be built in the general vicinity of Whiteman Air Force Base, was announced today by Lt. Col. Earle L. Valenstein, acting district engineer at Kansas City.

Backus, who came with the Corps of Engineers real estate division, Kansas City District, in August 1958 and has been occupied since that time mainly with land matters connected with the Atlas ballistic missile projects at Schilling Air Force Base, Salina, Kan., and the Titan project at McConnell Air Force Base, Wichita, Kan. He has been temporarily in charge of the Sedalia office since it was opened Aug. 1 at 1806 West Broadway, near the junction of Highways 50 and 65. For the past year Backus has been chief of the Corps' real estate office at Wichita.

Working in conjunction with the Corps office in Kansas City, Backus has been active in the task of staffing the Sedalia office with personnel which will be required for both office and field operations in connection with the \$75 million missile project. With assumption of his permanent duties this week, he will be further occupied with staffing activities.

### Would Free Divisions For Movement Overseas

WASHINGTON (AP) — The Army appeared today to be wheeling four National Guard infantry and armored divisions into position to free regular Army divisions for movement overseas, if the Berlin crisis becomes acute.

The four Guard divisions — the 26th Infantry of Massachusetts, the 28th Infantry of Pennsylvania, the 32nd Infantry of Wisconsin and the 49th Armored of Texas—Wednesday were put on notice that they face possible calls to federal duty. Such a call could come in a matter of weeks.

Along with 475 lesser Guard and Reserve units in 46 states and the District of Columbia these divisions were given a top priority label by the Army.

"They will begin an intensified training program immediately in order to increase their combat readiness," the Army said.

The divisions and the individual units, combat and support types, will be reinforced from the ready reserve pool to bring them to near full strength.

Total strength of these formations now stands at about 96,000. Some 52,000 ready reservists will be assigned or attached to them to fill out their ranks.

Orders to put these measures into effect went out Wednesday and Army officials estimated the four divisions could be brought close to full strength in about 15 days. Infantry divisions total 13,700 men and armored divisions 14,600 men when all spaces are filled.

Army officers shied away from calling Wednesday's action an alert.

When asked if the four divisions will be called into active service, one spokesman said "it depends on the world situation."

The Army now is building three regular Army training divisions into combat shape. That would give the United States six Army and two Marine divisions, now based inside the country, for movement abroad if needed to bolster the Western defense line in Europe.

Secretary of State Dean Rusk told the North Atlantic Treaty Organization last month the United States is prepared to put six additional divisions into Europe if the Soviets seem bound to force a military showdown over Berlin.

### 'Ain't Accepted For a Dictionary

SPRINGFIELD, Mass. (AP) — The much-abused term "ain't" has been accepted for Webster's third New International Dictionary, to be published Sept. 28.

The new dictionary, Gordon J. Gallan, president of G. & C. Merriam Co., said Wednesday would say "Ain't is used orally in most parts of the U.S. by cultivated speakers."

## Arrest 3 In Wards Burglary

**One Man Held In County Jail; Two Being Brought Here**

Cooperation between the Sedalia and Kansas City police departments and the Pettis County sheriff's office has resulted in some progress in the investigation of a burglary which took place at the Montgomery Wards store here in late August.

One man, Robert Nix, Kansas City, is being held in the Pettis County jail on a second degree burglary charge, pending preliminary hearing in Magistrate Court, and two other Kansas City men are being brought to Sedalia today, on second degree burglary warrants issued in Pettis County.

A fourth man has been connected with the burglary, but he is on parole resulting from a burglary charge in Kansas, and is reportedly wanted in Kansas City on two burglary charges, so it will be some time before Pettis County can obtain custody.

The apparent solution to the burglary began to take form Aug. 30, when Chief of Police Ralph Hamlin and members of the police force obtained information indicating the burglary was committed by four men from Kansas City, who were seen in Sedalia on the night of Aug. 24-25.

Hamlin furnished information to Pettis County Prosecuting Attorney J. R. Fritz, who caused a second degree burglary charge to be issued for Nix. Nix was arrested in Kansas City and brought back to Sedalia by Sheriff Emmett Fairfax, who served the state warrant, accompanied by Chief Hamlin and Deputy Jack Coutts.

The Kansas City police department in the meantime, had been furnished other information which led to the arrest of the three remaining suspects. In picking up these men, the KCPD solved two or three of their own burglary cases, and obtained oral or written confessions from the men, officials here said.

The authorities also obtained (Please turn to page 6 column 7)

### Haiti Military Shakeup After Plot Is Halted

PORT AU PRINCE, Haiti (AP) — A sweeping military shakeup occurred Wednesday, two days after the government disclosed the smashing of a new plot to assassinate President Duvalier.

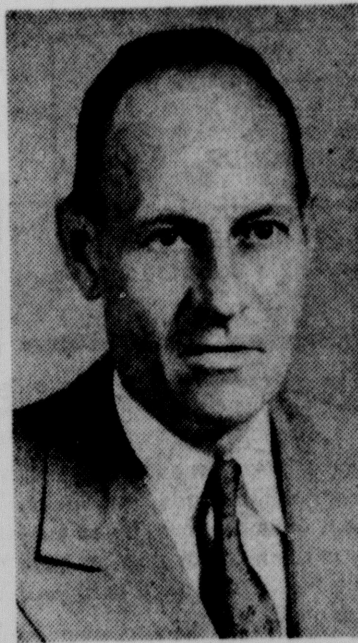

Duvalier replaced the army chief of staff, Brig. Gen. Pierre Merceron, with Merceron's assistant, Col. Rene Boucicault who was promoted to the rank of brigadier general.

The chief of the palace guard, the Port au Prince police chief, and the commandant of the national prison were reported replaced and eight army colonels were reported retired.

## Barbara Foster, Raymond Lang Vows Solemnized

Miss Barbara Jean Foster, daughter of Mrs. Ava Foster and the late Ava Foster, Bunceton, was united in marriage to Mr. Raymond J. Lang, son of Mr. Joe A. Lang and the late Mrs. Lang, Pilot Grove, at nine o'clock Saturday morning, Aug. 19, at the SS Peter and Paul Church in Boonville.

The Rev. Sean Smyth performed the double ring ceremony before the altars decorated with orchid, pink and white gladioli, carnation and chrysanthemum arrangements.

Mrs. E. J. Kopine sang "Ave Maria" and "On This Day."

The bride, given in marriage by her brother, Mr. James Foster, California, wore a floor length gown of Chantilly lace bouquet taffeta. The fitted bodice of Chantilly lace was adorned with a Sabina neckline trimmed with seed pearls and fashioned with long tapered sleeves. A scalloped front panel of lace, delicately trimmed with tiny seed pearls and iridescent sequins fell from the bodice. The taffeta pannier treatment of the skirt was caught with scalloped lace. Her fingertip veil of illusion was held with a crown of seed pearls and sequins. She carried a colonial bouquet of pink roses and white pompons centered with an orchid.

Mrs. Jerome Wirths, Boonville, was matron of honor and Miss Judy Kay Nelson was bridesmaid. They wore identical gowns of orchid tulle over taffeta with matching headbands. They carried colonial bouquets of pink, orchid and white pompons and chrysanthemums.

Mr. Lawrence Lang, Pilot Grove, served his brother as best man and Mr. Norman Gerke, cousin of the groom, was groomsman. Ushers were Mr. Robert Foster, brother of the bride, and Mr. Jerome Wirths, Boonville.

Miss Linda Lang, niece of the groom, was flower girl with Master Rodney Steward, nephew of the bride, as ringbearer.

For her daughter's wedding, Mrs. Foster chose a navy dress with white accessories and a white carnation corsage.

A dinner was served at noon at the Rod and Gun Club House. The serving table was centered with a decorated three-tier wedding cake. Mrs. Jim Foster was in charge of the guest book.

The couple left for a wedding trip through the western states. They will make their home in Boonville.

## Several Thefts Force Church To Lock Doors

CHICAGO (AP)—A Roman Catholic church has been forced to close its doors, except during hours of services, because of a wave of burglaries.

The Rev. John Cunningham, assistant pastor of St. Thomas the Apostle Church, said Wednesday the doors were being locked at the suggestion of police who said they were unable to protect the church throughout the day and evening.

Father Cunningham said Parishioners who wish to visit the South Side church outside hours of services must enter through the rectory.

Three times within the last two weeks the church alms box and votive light offering boxes have been broken into.

## Miss Linda Brauer Honored at Shower

Miss Pat Knipp and Miss Sharon Yontz were hostesses at a bridal shower for Miss Linda Brauer Friday at 8 p.m. at the Tipton Country Club.

Flower arrangements, blue and white bells and a bride doll centered the dining table.

Various games were played throughout the evening and the honoree received many lovely and useful gifts.

Those present were: the honoree, her mother, Mrs. Emmett Brauer, and her grandmother, Mrs. Roger Kirchner, both of Syracuse, Mrs. Ray Allee, Versailles.

Miss Brauer became the bride of Dean Allee Sept. 2 at the Syracuse Baptist Church at 7:30 p.m.

## United In Marriage

In a private wedding ceremony, Miss Darlene Messer, daughter of Mr. and Mrs. John Atwood, Sweet Springs, became the bride of Mr. Jerry Curtis, son of Mr. and Mrs. John Curtis, LaMonte, at the LaMonte Methodist Church at six o'clock in the evening Aug. 23.

The Rev. Sharpe read the double ring ceremony.

The only attendants were Mr. and Mrs. Ray Curtis.

# Ordeal In Alaskan Wilds Brings Man Remembrances

FAIRBANKS, Alaska (AP)—Remember William Waters, the Kentucky tourist who was lost for 67 days in the Alaska wilderness? A lot of people have.

Old friends and total strangers have sent him their best wishes since he was found a week and a half ago, gaunt and near death, by two moose hunters.

They have given him a belated birthday cake, several jars of rose hip jelly and a nightly bag of buttered popcorn.

Waters, 42, of Erlanger, Ky., was lost June 20 while on a fishing trip to the Big Lake area, 120 miles northeast of here. It was Aug. 26 before he found his way out, crawling to the creek bank where the two hunters dragged him into their boat.

Waters is up to 139 pounds now—40 more than he weighed when rescued. He has been walking a

little about his hospital room. He was placed on a high protein diet Tuesday.

"When the nurse brought in that fried chicken," he said, "I could hardly believe my eyes."

Associated Press accounts of Waters exploit brought him letters from strangers as far away as Maine and Florida. Most express amazement at his survival and praise for his courage and will to live.

A Fairbanks bakery gave him the birthday cake Saturday. His birthday was Aug. 24, two days before his rescue. He didn't know what day it was then, because he had lost track of time.

The rose hip jelly was made for him by a lady who had read that during his ordeal he lived on berries and rose hips—the pods of wild roses gone to seed.

The buttered popcorn is brought

## Philippine Hurls Hot Sentiments At The Soviet Union

NEW YORK (AP)—Philippine Ambassador Carlos Romulo accuses the Soviet Union of seeking to destroy the United Nations and of "bring the world to the brink of nuclear incineration."

Speaking before the New York County Council of the Veterans of Foreign Wars Wednesday, Romulo said: "Any nation seeking to undermine the United Nations is seeking to destroy the peace."

The council presented "distinguished citizens" awards to William Randolph Hearst, editor-in-chief of the Hearst Newspapers, and Lee Mortimer, columnist for the New York Daily Mirror, for their activities in fighting communism.

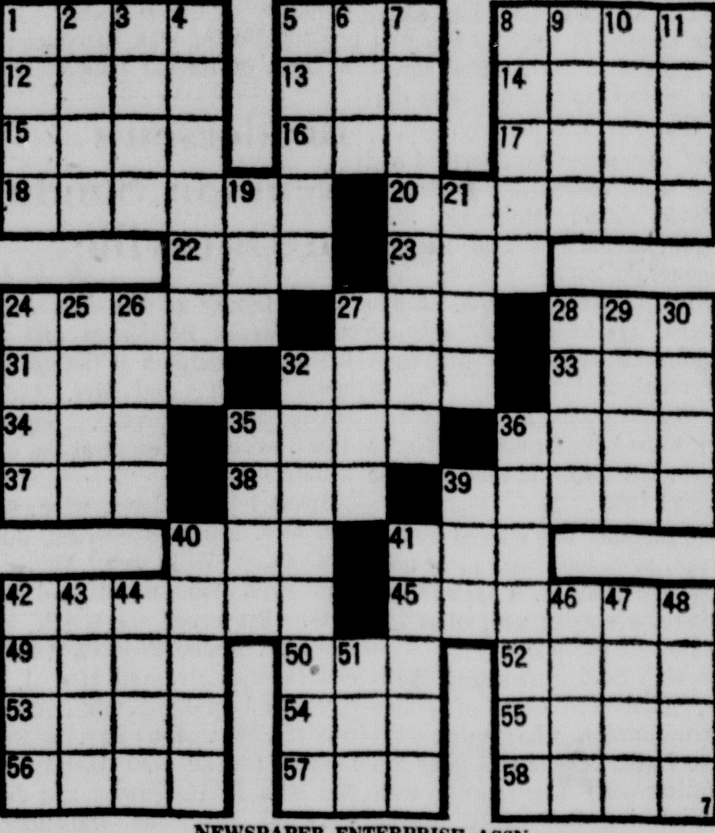

him each night by a Fairbanks resident who heard that he was fond of it.

What does Waters think of all this?

Well, he says, he's grateful for all the kindness and now he'd like to get back home to Kentucky.

## Woman's Arm Caught By Auto Trim Piece

MIAMI, Fla. (AP)—Margaret Havens, 31, ran from her house to the auto at the curb Wednesday, after its occupants sounded the horn and she recognized them

as relatives. Jumping into the vehicle, Mrs. Havens' forearm was pinned by a sharp trim piece. Police, unable to free her, broke off the trim and took Mrs. Havens to the hospital where the strip was removed.

# Star Finally Pleased By Own Labors

By JAMES BACON  
AP Movie-TV Writer

HOLLYWOOD (AP) — Laurence Harvey says he has finally seen a movie of his that he was able to sit through from beginning to end.

The movie is "Summer and Smoke," co-starring the Broadway star Geraldine Page. Once again Harvey plays an angry Southerner in Tennessee Williams' psychotic jungle.

"Every movie I've ever made, and that includes 'Room at the Top,' sent me out to the neighborhood pub before the ending."

Harvey, who never hedges on any question — except possible marriage to Joan Cohn, widow of the late Columbia studio boss — says Hollywood has too many producers and not enough picture makers.

"Hal Wallis (producer of "Summer and Smoke") is a picture maker."

Harvey says — and this may come as a shock to some in town — that Wallis would sooner make a good picture than money.

By ironic coincidence, Wallis is one of the wealthiest producers in town.

"Take my picture 'Two Loves,'" says Harvey. "All through it the producers kept telling me how sensational I was. Then they cut out all the scenes that motivated my odd behavior. I came out looking like an idiot."

"Wallis looks at the rushes. Then gives a frank opinion. I'd much sooner work with Hal who tells me that I did something less than sensational, so let's shoot it over again."

Ever since "Room at the Top," Harvey has been in top demand around town—but he hasn't forgotten his Shakespearean training with London's Old Vic.

"I've got a brilliant 90-minute script of 'Othello' that I have shown to Claire Bloom and director John Frankenheimer. We're going to do it for television."

"After I saw 'Macbeth,' the hammiest production I've ever seen, win five Emmies, I've been in the market myself."

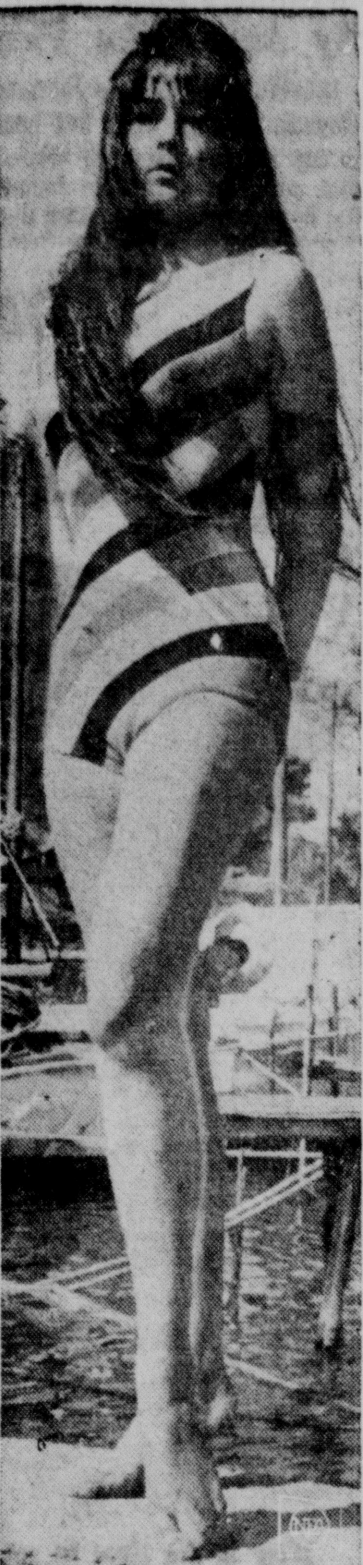

Harvey was once quoted to the effect that Dame Judith Anderson and Maurice Evans should have switched roles in "Macbeth."

Harvey is off to Germany for location filming on "The Wonderful World of the Brothers Grimm." He plays one of the fairy tale brothers and also a dual role of an 80-year-old cobbler in a fairy tale sequence within the movie.

"It's light and it's fun," says Harvey.

The blonde Mrs. Cohn will join him next month in Munich. Both say they have no plans for marriage but the two are inseparable.

Mrs. Cohn, one of the wealthiest widows in town, recently gave Harvey a \$20,000 Rolls-Royce, purple in color.

## Team Members Receive Trophies

# Optimist Little Leaguers Lunch With Their Sponsors

Tuesday noon was a big day for the Optimist Major Little League team when the boys were special guests at the Optimist Club luncheon at Bothwell Hotel and each received a trophy for their outstanding season in which they won the most games of any of the Major Little League teams.

Bright eyed and smiling the first seven to arrive all wanted to sit at the same table that was set for only six and it looked like they might be playing fruit basket turned over—for there always seemed to be one left over—and the one who found himself left over because every chair he tried to sit on already had somebody else on it, was Joe Pingolt—the littlest fellow in the bunch, who served most of the time during the season as bat boy.

But soon other boys arrived and there were eleven in all, Charles Caravia, Johnny McKenzie, John Pingolt, Richard Caravia, Richard Wagoner, Ronnie Cusick, Tim Hartley, Mike Kempton, Eddie Hodges, David Morris and Joe Pingolt, each went to the front and received his trophy. Two of the team could not be there. They were Lynn Brown and Garry Pricer, but they will receive their trophies later.

The meeting was opened by Joe Forsee, president, with invocation by Harold Barrick. Charles Hanna led the singing with Miss Lillian Fox at the piano.

Claude Boul, program chairman, introduced Chief of Police Ralph Hamlin, who stated that in the Little League this year the Optimists had four teams with one finishing first place in the majors and the Optimist C team playing the entire season without losing a game. It was a fine season, he said, with good attendance and good ball games.

The manager of the Optimist Major team was Joseph Caravia, and the coaches were Harvey Maack and Fred Arbogast. As the boys were introduced by Caravia, Maack read batting averages of each during the year.

Harold Hughes was introduced as the manager of the Optimist C team, with Ronnie Finch and Bob Salmon, coaches.

Hamlin stated that the Optimist Little League started the year

with an \$800 debt. It had paid all its bills this year and would probably be able to pay off at least half the debt.

Of the C team, which didn't lose a game and played at Center Park, through their stand and other ways, came out with enough to pay all of their expenses with \$61 left over to start the season next year.

Trophies were presented to the managers of the Optimist Major Little League team, Joseph Caravia, and Harold Hughes of Optimist C team.

J. B. Brown was the manager of the A team and Herb Crouch manager of the B team.

Paul Morris was introduced as a guest of Harold Silberstein.

## Police Given Pay Raise By Neosho Council

NEOSHO, Mo. (AP)—The City Council raised the salaries of the police force in an unexpected move Tuesday night.

They've all been getting \$280 a month. The five patrolmen will go up to \$300, the one sergeant to \$310 and the assistant chief to \$320.

"Police work is becoming a profession," said City Manager Andrew O'Rourke in his plea for the increase. "It is necessary now that policemen study and be sent to school. We realize that this raise isn't enough, but at least it will help."

## Credits Ike With Using His Cabinet

ST. LOUIS (AP)—Effective use of the cabinet system and elevation of Vice Presidential powers were major Eisenhower contributions to the Presidential office, according to Robert K. Gray, a secretary to the cabinet during the Eisenhower administration.

In a speech prepared for delivery today at the annual meeting of the American Political Science Association, Gray said Eisenhower made "the most effective use of the cabinet since its inception in 1791."

Gray said Eisenhower so effectively elevated the post of Vice President that the same use of that office "has been adopted almost verbatim in the Kennedy-Johnson administration."

Gray acknowledged that President Kennedy is no champion of Eisenhower's ideas on use of the cabinet system. "The formal cabinet meetings which President Kennedy has referred to 'as a waste of time' were the hub of coordination in President Eisenhower's administration," Gray said.

Gray predicted future presidents "who sense a need for channeling the efforts of their subordinates and themselves through adherence to a more formal organization pattern will include the Eisenhower (cabinet) system among the alternatives from which they choose."

Gray termed Eisenhower's use of the cabinet system "a major contribution to American political science."

He said the Eisenhower system combined the strong points of the "Army staff system, the National Security Council and the British Cabinet Secretariat."

Gray also said future Presidents would emulate "Eisenhower's method of personal diplomacy... and present themselves to great masses of foreign peoples, despite campaign oratory that 'the job is in Washington and that is where I intend to stay.'"

Mildred Walker and Andrew M. Walker, 2410 South Woodlawn, \$57.50 in taxes and \$14.37 in penalties for 1956.

Don P. Crumpley, Green Ridge, \$17.50 in taxes and \$3.50 in penalties for 1959.

In addition to the taxes and penalties, the state is due six per cent interest per year from the time the taxes became delinquent. Taxes become delinquent when not paid by April 16 in the year following the year the money was earned.

## Dalton Names

(Continued from Page One) commission is bipartisan by law. Schwada resigned last July as state budget director and comptroller to rejoin the university staff.

Opponents said Dalton just wanted the new commission to get rid of some of the employees of the old division, including Director James D. Idol, Dalton denied that.

Today he said he had not recommended any person for the \$17,500 a year job of director and did not intend to.

"My intention is to have them make the selection," he said. "They are well qualified to do that."

The governor said he would not recommend that the commission make a clean sweep of present employees of Resources and Development—"we have some very competent and able employees over there."

He also named seven regional advisory committees on industry and economic development. They will propose development plans.

The regional committees included:

Southwest district — Chairman Cowgill Blair, Joplin; J. E. Boswell, Lebanon; Harrison Lang Rogers, Joplin; Ben Parnell, Branson; Rex Allaman, Forsthy; Tom Ayers, Joplin; Daniel Longwell, Neosho; S. E. Roberts, Ml. Vernon; Fred Myers, Buffalo;

## Hogan Leaves For Milwaukee Red Cross Meet

Pettis County American Red Cross chairman Maurice F. Hogan left for Milwaukee, Wis., Thursday to attend a meeting of the National Advisory Council for the American Red Cross as a member of that board.

Hogan, along with 20 other members representing all geographic areas and sizes of ARC chapters, was named by the national Red Cross chairman to the advisory group, serving the mid-west area of the United States.

Tomorrow night, newly named board members will meet in Milwaukee for orientation. Saturday and Sunday, the entire council meets in executive session. Problems and recommendations for their solution covering the entire scope of Red Cross activities on all levels will dominate both days' sessions.

Board members come from all areas in the central continental area. Represented, for instance, is San Antonio, Tex., in the southwest, other cities in the deep south, the central west, and extreme northern areas along the Great Lakes. Hogan was the only member named from Missouri. His term of office runs through 1963.

The Pettis County chairman's post which Hogan holds here is a voluntary one. He is postmaster of the Sedalia Post Office.

Hogan said he hoped to bring home some valuable ideas for improving Pettis County Red Cross work in the months to come. Here in Sedalia, American Red Cross activities through the Pettis County chapter are supported through the annual United Fund Drive.

### Auto Workers Stay Out In St. Louis

ST. LOUIS (AP)—Some 6,600 United Auto Workers remained on strike at least temporarily, at three General Motors plants in St. Louis today despite a back to work order from the international union.

Walter F. Schilling, president of striking Local 25, said the local's 30-man executive board would meet today to consider what action to take in view of the international's instructions. Pending a decision by the executive board pickets remained on duty.

Apparent cause of the blaze was a backfire through the carburetor of the vehicle, in the vicinity of the Missouri Pacific depot.

### Accidents

One auto had to be towed away after an accident at 16th and Harrison about 12:34 p.m. Wednesday.

Involved were a 1959 Corvette driven by Dr. Robert H. Stewart, 39, 1815 West Tenth, and a 1955 Dodge driven by Ronald Tyler, 18, 2997 West Broadway.

Both vehicles were westbound on 16th when the accident took place. According to the police report the Corvette stopped behind another vehicle which was negotiating a left turn on to Harrison just before the accident took place.

The rear of the Corvette and front of the Dodge were damaged. The Dodge was towed from the scene by Howerton's wreck-er.

Minor cuts and bruises were the only injuries suffered by six-year-old Jerry Wayne Rains when his bicycle and an automobile collided at 5:15 p.m. Wednesday.

Rains, son of Mr. and Mrs. Joe Rains, 700 East Tenth, was riding his 20 inch bicycle, and, according to the police report, turned out of the driveway at 725 East Tenth and was southbound when the accident took place.

The auto involved was a 1958 Chrysler driven by Earl Bryson, 43, 1620 South Wagner, who was eastbound on Tenth.

There was no damage reported to the auto. The fork and frame of the bicycle were damaged.

Young Rains received minor abrasions to the arms, chest, legs, face and scalp. He was examined at Bothwell Hospital by Dr. T. J. Hopkins, but was not admitted to the hospital.

A 1960 Ford driven by Ray J. Le Marie, 2512 North Woodlawn, and a 1956 Dodge driven by James Comfort, 518 North Quincy, were involved in an accident at Third and Quincy at 6:05 p.m. Wednesday.

The left rear of the Ford and the left front of the Dodge were damaged. Both drivers were charged with careless and reckless driving.

### Expectant Wife Routs a Thief With Empty Gun

ST. PETERSBURG, Fla. (AP)—A pregnant young housewife surprised a Negro burglar in her home, chased him out onto a busy street and held him at bay with an empty pistol until police arrived.

Sandra Cutts, 19, said she arrived home with her one-year-old daughter Wednesday after having lunch with a sister. She found the burglar, identified as Arthur J. Newton Jr., 15, in her kitchen. She put her baby down, grabbed the pistol and chased Newton out of the back door, down an alley and out onto the street.

"I got so mad I didn't have time to get scared," she said. "It's a good thing he stopped, or else I don't know what I would have done. I didn't even have any bullets for the gun."

### Arrest Three

(Continued from Page One) written confessions from two women, and oral confessions from two juvenile girls in Kansas City, implicating the four men. They said they accompanied the men to Sedalia, and two of the radios stolen were reportedly found in the possession of two of the girls.

Being returned to Sedalia by Sheriff Fairfax, on Pettis County warrants for second degree burglary are Talbert Wesson and Joe Shackleford. The latter is known around Sedalia as Joe Sweet. Maurice Wesson, a brother of Talbert Wesson, is the parolee from Kansas.

Bill Witcig of the KCPD notified local authorities Wednesday that Talbert Wesson and Shackleford had admitted the burglary. This information was passed on to Fritz, who obtained the warrants. They are being served by Fairfax.

The confessions indicate the men "cased" the store in the afternoon before the robbery, buying a small bucket as an excuse for being in the store. About 2 a.m. the following morning, with the four women waiting in a car parked on a near-by lot, opened the door on the west side of the store. They entered the warehouse area, according to the statements, then the main store.

Items taken, according to a list furnished the Sedalia police by Montgomery Ward's, included 13 guns and several appliances, adding up to about \$1,250. Some of the radios, including the two found in the girls' possession, have been identified from serial numbers.

The remainder of the goods, according to the KCPD, was sold through a "fence" in Kansas City. All of the people connected with the burglary are Negroes.

### Kimball

(Continued from Page One) real estate office will be in operation for a period of two to three years.

The Minuteman project will be a construction responsibility of the Corps of Engineers Ballistic Missile Construction Office with headquarters in Los Angeles. CEEMCO, as this office is generally referred to in military and construction circles, will establish an area office for the Whiteman Minuteman project when time arrives for advertising of construction contracts and subsequent construction.

Backus was born in 1911 in Lincoln, Neb. The family later moved to a farm near DeSoto, Kan., and at one time raised cattle on a Texas farm and fed them out on the Kansas farm. Backus graduated from the Olathe High School in 1927 and from Kansas State University at Manhattan in 1931, specializing in agricultural administration. In that year, he was appointed county agent of Coffey County and shortly after was transferred to Wyandotte County, Kan., where he served as county agent until February, 1947. He then became state director of marketing for Kansas and organized the marketing division of the state government. In 1951, Backus left the marketing division, went back to farming and also accumulated a master's degree from Colorado State College. He served as a county commissioner of Wyandotte County from 1952 to 1956 and in that year took over active direction of the Midwest Research Marketing Service which he had previously organized. During that period, he also engaged in real estate activities, particularly farm lands, and managed farms for other interests.

Followers of college athletics, track in particular, may recall Backus as a long distance track star on the Kansas State University team and his near-victorious mile run against Paavo Nurmi, the great Finnish runner, in the old Convention Hall in Kansas City.

merce. George Reichert, committee chairman, said that net proceeds from this fund-raising project will be used to back-stop the club's treasury for such service projects as Little League baseball, junior golf, safe driving road-o, the rural Santa Claus program, and the Soap Box Derby.

Again this year, the event will be held at the E. W. Thompson Building, 1700 West Broadway. Serving hours will be from 11:30 a.m. to 8 p.m. Jaycee workers, however, will be on hand early the morning of the 17th to prepare for the feast. Last year the Jaycees prepared 1640 servings of barbecued chicken.

Tickets may be purchased at the Chamber of Commerce office or from any Jaycee. The Jaycee selling the most tickets will win a prize. Advance tickets are \$1 for adults and 75 cents for children. They will cost \$1.25 at the door.

Jaycee workers will be barbecuing constantly over the large pits in order to offset any delay during rush periods. Reichert expressed his thanks, on behalf of the Junior Chamber of Commerce, to the community for its support and patronage of the past three barbecues. He invited everyone to attend, and extended an invitation to backyard chefs to inspect the pits and inquire as to sauce recipes.

### Taken on World Tour Through Pictures; Lions Hear Narration

The Sedalia Lions Club was taken on a world tour, Wednesday noon, when they saw many colored pictures of places in the world of interest, including a number taken behind the Iron Curtain by Judge Charles A. Calvird, Clinton.

Judge Calvird, retired, recently took a world tour throughout Europe and compiled an interesting library of pictures of his trip. Throughout the showing the Judge narrated the pictures.

The speaker was introduced by Charles Hassel, program chairman of the meeting.

Eddie Wise was introduced by James McNeil as a new member of the Club. Jerry Kincaid, Kansas City, was a guest.

President Kenneth Leslie announced the next Board meeting would be held Thursday night, Sept. 14, at the home of James McNeil, 1617 West 7th.

## Keating Urges a 'Yes' Vote In Gasoline Tax Election

The importance of voting for a per cent of the increase of the State gasoline tax to be used for city streets which will be presented at a special election was stressed by Representative Tom Keating at a meeting of the American Business Women's Association Tuesday night at Bothwell Hotel. "You will not be vot-

and various other things that are badly needed in the state. "If," he went on to say, "the people of the state vote for a certain per cent of the tax to be spent for city streets, Sedalia, as well as many other towns in the state, will receive \$100,000 from this tax for streets."

Keating told of the State government, which like the Federal Government, has a Senate and a House of Representatives, and how both operate.

He, like the other Representatives, he said, served on five committees, some of which are active and some which are not. Among the committees he was on, Keating said, was the Resources and Development Committee. On this committee one of the bills that came up and was passed was that a city could vote on a bond issue to build a building for industry if it so desired. While Sedalia may never want to vote on a bond for such a purpose, Keating said, he felt it was a good thing that the city would be able to do this if they should want to.

Representative Keating was introduced by Mrs. Mary Maddox, program chairman.

The meeting was presided over by Miss Nellie White, president, with Miss Jessie White giving the invocation. Special music was by Mrs. Della Gasperson, who sang "My Cathedral" and "Known Only To Him."

## Swift & Co. Are Agreed On Contract

CHICAGO (AP)—Swift & Co. and the National Brotherhood of Packinghouse Workers agreed Wednesday on a new three year contract providing a total wage increase of 19 cents hourly and other benefits.

The agreement covered five of seven plants represented by the Brotherhood. Two other plants, at Fort Worth and San Antonio, Tex. received smaller wage packages.

The settlement involves about 6,000 workers at the seven plants. Harrisburg, Pa.; Kansas City; Marshalltown, Iowa; St. Louis and South St. Joseph, Mo., workers will receive hourly wage increases of 7 cents, effective Sept. 4, 1961; 6 cents Sept. 3, 1962, and 6 cents, Sept. 2, 1963.

The settlement also provides workers will receive 90-day notice of plant closings and have the right under certain conditions to apply for transfer to any plant covered in the agreement.

Other benefits include a cost-of-living adjustment, four week vacations for workers with 20 years service rather than 25, and a broadened hospital care plan.

Workers at the seven plants averaged between \$2.29½ and \$3.17½ hourly under the old contract which expired Sept. 1.

ing for the increase," he explained, "that has already been passed by the Legislature — you will be voting on how it will be spent."

"The gasoline tax in Missouri is still the lowest in the country and people of Sedalia will be paying only one cent more than they are now paying because the city tax will be removed. With the five cents State tax all service stations will have to pay the same tax whether they are located in a town or out in the country and the money will be used for building better highways

## Lady Policeman Filing Suit To Gain Promotion

NEW YORK (AP)—Policewoman Felicia Schpritzer has begun suit to direct the Civil Service Commission to permit her to take an examination for sergeant.

Miss Schpritzer said in State Supreme Court Wednesday the only basis for declaring her ineligible for promotion to sergeant was that "I am of the female sex."

Miss Schpritzer, appointed to the force in 1942, said she had a spotless record and had received special police awards. She holds a B.A. from Hunter College and an M.A. from the University of Michigan.

## Plead Innocent

TAIPEI, Formosa (AP)—Mayor Huang Ch-Jui of Taipei and his wife pleaded innocent today to charges of accepting \$16,500 in kickbacks on purchases of automobile parts for the city's bus lines.

The couple was indicted July 15 together with Huang's secretary and eight officials of the bus administration.

Huang and his wife also were indicted on charges of accepting \$25,000 in kickbacks on a big housing project sponsored by the city government. The mayor was suspended from office after the second indictment.

## Widow Provides Home for Tenor And Big Family

KANSAS CITY (AP)—A Chicago tenor and his family found a home in Kansas City Wednesday because of a widow's gratitude to Chicago.

Richard C. Knoll, who will sing in the Lyric Theater's opera season this fall, brought his wife and eight children along last week.

Lyric officials couldn't find a suitable house that could be rented under the theater's limited budget.

The widow, whose name wasn't disclosed, read about the predicament and offered her three-bedroom house, rent free, for the seven weeks. She is staying with a sister.

She told the Knolls that once when she was in Chicago she was treated kindly by citizens there. "She is a great person," Knoll said. "This house certainly fills the bill."

## Pacifist Plans To Sail Yacht Into Red Port

TOKYO (AP)—American pacifist Earle L. Reynolds, who sailed his yacht Phoenix on a protest voyage into the U.S. Pacific nuclear test area in 1958, said today he and his family will sail on a similar mission to the Soviet Union.

Reynolds, 50, who now teaches at Hiroshima Women's University, said he sent a telegram Wednesday to Soviet Premier Khrushchev informing him of his intention to sail into the Soviet port of Vladivostok, on the Sea of Japan.

Reynolds said in making the trip he will keep a promise made in 1958 to sail into a Soviet port if Soviet testing resumed.

Reynolds said it will take at least a month to ready the boat for the week's voyage.

## The Business World

## Bomb Shelter Makers Are Experiencing Sales Boom

EDITOR'S NOTE—The continuing world crisis has turned many Americans to thinking in terms of bomb shelters and survival in a nuclear attack. Companies specializing in the construction of such shelters report a sharp upturn in orders. Administration and Civil Defense officials encourage such building. In the following, first of two articles, AP Business News Analyst Sam Dawson outlines developments in this field.

By SAM DAWSON

NEW YORK (AP)—Nuclear tests in Asia and a concrete wall in Berlin are inspiring a growing number of Americans to think about survival in a possible atomic war.

Business has its own geiger counters recording this. They are the companies that make bomb shelters or fallout hideaways and the companies readying special supplies to stock such shelters. Also, most companies are to be queried by the government as to plans to protect employees or customers if danger arises during working or shopping hours.

All in the shelter business report a marked pickup in interest. Inquiries are up, actual sales are multiplying, many newcomers are jumping into the production and installation fields.

The spurt has come since President Kennedy warned the American public July 25 that the world situation was worsening. Interest jumped again after the Communists verified this with their wall dividing Berlin and the resumption of their nuclear tests with its threat of fallout.

Upcoming United States underground tests won't add to the fallout but may increase the nervousness over the open resumption of the atomic race.

New interest in building shelters, however, is far from unanimous. Various newspaper polls show a hard core of apathy and fatalism. Many citizens doubt they could survive an atomic blast and so regard shelter building as futile.

Shelters fall into three broad types. There is the public shelter holding a sizable number caught away from home or living in congested areas; the blast shelter at home designed to protect those at some distance from the lethal center of the blast but still in

danger; and the fallout shelter for those too far from the point of impact to have felt the blast but faced with the lingering effects of radiation in the atmosphere.

The Wonder Building Corp., Chicago, says its sales have risen 10-fold since the President's speech. It also reports orders for 25 community shelters in the last month, designed to hold 200 persons each.

There is also a thriving business among local contractors and an uncouth host of do-it-yourselfers. Material sales last year are estimated at \$13 million. Mostly they build basement fallout shelters, some for as little as \$150.

## New Kind of 'Capitalism'

People guide much of their living and thinking by slogans and labels. We like things categorized or wrapped up in neat little, uncomplicated packages: This is good; that is bad.

The trouble with putting life in a number of sharply defined categories is that, while seeming to simplify human affairs, it all too often acts as a block to penetrating thought.

Two important labels that have become rigidly stuck in our minds are "capitalism" and "communism." But the capitalism of today is not that of a century ago, nor even 30 years ago. Nor is Russian communism the same thing as the communism of Karl Marx.

The world changes, but the words we use do not. Marx today would scarcely recognize, nor approve, his communist dream in the Soviet version. Nor would he recognize the capitalism he hated and wished to destroy.

"Capitalism" (what other word can we use?) is changing while we look at it. A case in point is the new profit-sharing contract between the auto workers and American Motors. Many believe it is only a matter of time before the unions seek this from other industries, too.

Though it is perhaps foolhardy to predict what things will be like a generation from now, even assuming there will still be a world, this contract seems part of a definite trend toward a completely new kind of "capitalism." (Automation and the multiplication

of stockholders are two other phenomena changing American economics.)

Today, labor and management in many cases view each other essentially as enemies, each seeking the advantage over the other. Labor points to the sizable bonuses paid executives by some corporations. Management cites instances of union "featherbedding." Neither side yields, so the public makes up the difference.

Tomorrow, labor and management will both recognize their involvement not only in each other but in society as a whole. Owners, while still reaping the financial reward that is the incentive under the free enterprise system for founding industries and services and creating new jobs and products, will realize that once they hire a man, they do not rent a unit of energy that is merely another item in the costs column but a human being with whose life they have become intimately connected — no matter how many thousands they may employ.

Workers, sharing more fully in the destinies of their companies, will gain new responsibility toward their jobs and toward their employers. Eventually, the functions and interests of "workers" as opposed to "managers" will be more and more intertwined and indistinguishable.

It is a long road to go toward this "new capitalism," with many bumps and wrong turnings. But the American people seem firmly upon it. This is one of our strengths.

## Summer Patterns of World Wars

By DREW PEARSON

WASHINGTON—Wars in recent years have always come at the end of the summer. This is not always an accident. In part it's because the chiefs of staff who plan wars know the importance of having the crops in the granaries before they begin war.

At any rate, if you look at the history of the world wars of this century they have not only started in late summer but they have taken the general public pretty much by surprise.

The advance billing of the war that both Kennedy and Khrushchev have been talking about is running true to pattern regarding time but not in regard to surprise. If war does come, it should break this fall; but in this case, the public will not be taken by surprise. And if public opinion is important, this fact alone could possibly avert war.

It's interesting to contrast the state of public opinion immediately prior to the last two great catastrophes and the state of public opinion today.

#### World War I

It was on June 28, 1914 that the incident occurred, quite by accident, that touched off World War I. The Archduke Franz Ferdinand of Austria-Hungary, the most enlightened member of the Hapsburg family, who wanted to improve relations between portions of his father's far-flung empire, was assassinated in Sarajevo, Bosnia (now Yugoslavia), by a Serb fanatic.

Exactly one month later, World War I which was to last four years, kill 8,500,000 men, and eventually drag in the United States, engulfed Europe.

But on July 1, two days after the Archduke and his consort were killed, the Cincinnati Enquirer, a fairly typical American paper, featured on page 1 the following headlines: "Ship Ahoj: John Barleycorn Chased—Batters of Navy May Go On Waterwagon" . . . "Sympathy With Mexican Rebel Cause Openly Expressed by (Woodrow) Wilson's Envoy" . . . "Debutantes Flock to Trial of Young Malcolm Gifford (in Albany, N.Y.)" . . . "Assassin Fires Through Window Killing Pretty Matron in Office of Long Island Physician" . . . "Bosses Played in Typical (Teddy) Roosevelt Address."

There also was a 3-column lay-out with pictures showing Woodrow Wilson heckled by suffragists when he refused to endorse votes for women. "Wilson Trapped — Then Compelled to Run Gantlet by Women" read the headline.

Of such were the American people reading as World War I began to simmer. Not one word appeared on page one regarding the seething events steaming up in the wake of the Sarajevo assassination. This was typical of most newspapers at that time.

One month later, the world was in flames.

#### World War II

World War II did not catch the public quite so much by surprise.

But the same Cincinnati Enquirer on Aug. 1, 1939, exactly one month before Hitler march-

ed into Poland, featured on page 1: "Train Crew Routs Bandits" . . . "Judge Samuel Bell Freed on Assault Charge" . . . "Clark Gable on Top in Real Life Fracas" . . . "Nurse Describes Tarring by Wife of Doctor Friend" . . . "Killed Dickey, Man, 70, Admits" . . . "Administration's (FDR's) \$2.8 Billion Lending Bill Cut to \$1.65; Taft Hits Dollar Diplomacy."

There also appeared on page 1, though played in a minor position, this one small warning that war clouds were gathering: "Way Out Still Possible Chamberlain Says."

Other newspapers were just as lackadaisical about the impending World War II as the Cincinnati Enquirer. West coast papers on Aug. 1, 1939, were featuring the story of game poachers who poisoned a warden and his family, and the San Francisco Chronicle carried a front-page dispatch from its foreign editor in Geneva which began: "Europe is in splendid shape and what's all this about war and crisis! You begin to wonder if the correspondents have not been taking us for a ride."

But there was also a 3-column head in the Chronicle which read: "Gloomy Chamberlain Talks of War—Quote 'We May Yet Escape'."

One month later Europe was immersed in the flames of World War II, a war which was to continue for six years, kill around 30,000,000 men, and drag in the United States for three years of bloodshed.

#### World War III

It is said that a watched kettle never boils. If this can be applied to wars, it should be healthy that the general public in the United States, England, and France, and most recently Russia, has been watching and worrying over possible war.

But there is tragic similarity between the manner in which war threat piled on top of war threat in 1914, and the manner in which war threats are piling up today.

It was on July 29, in 1914, that Austria-Hungary declared war on Serbia because a Serbian national had murdered the Austrian archduke. The same day, Russia, friend and protector of Serbia, ordered partial mobilization. Also on the same day the imperial German council, meeting just outside Berlin, decided on war against both Russia and its ally France.

Two days later, July 31, Russia ordered general mobilization. By noon August 1 a state of war existed between Germany and Russia, and the next day German troops had entered France.

All this happened in approximately 30 days after Sarajevo lit the fuse that touched off the European powder keg.

Today, the powder keg is just as potentially dangerous, but the events which build for war have been spread out over a longer period. On March 28, 1961, President Kennedy announced an increase in the U.S. military budget. On July 8, Premier Khrushchev announced that the demobilization of Red army troops would stop. On July 26, Kennedy told the nation that a quarter of a million reserves would be called. On August 29, Khrushchev announced that men scheduled for retirement from the Red army would be retained in the army. On August 30, Russia announced the resumption of nuclear tests, and on Sept. 1, resumed testing.

It looks like the same old war build-up at the end of the summer. This time, however, public opinion is alert. It will take terrific force on the part of the public—the West, the neutrals, and the Soviet public—however, to avert the result which usually comes from such a build-up—war.

## A Bill of Rights

Americans of any state and of any political party should heartily support a proposed constitutional amendment that would enfranchise millions of citizens who find themselves denied the vote at every presidential election. These are the people who, simply because they have moved to a new state and have not yet met residence requirements, are not able to participate in the choice of the man who is supposed to represent all Americans.

The amendment has been introduced by Sens. Estes Kefauver, Democrat of Tennessee, and Kenneth B. Keating, Republican of New York. It would waive length-of-residence requirements and allow any voter who was qualified to vote at his former home to vote at his new one in a presidential election.

### The World Today

## Reds Quick-stepping to Keep In Line

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON (AP) — Soviet flip-flops—there have been some beauties—are done with sheer gall and handy, if unconvincing, sanctimonious explanations. But in each case, as now, Moscow acts without visible embarrassment.

The ones who get embarrassed are the Communist party members outside Russia, particularly American Communists, but only temporarily. When the Soviet line is suddenly changed, they have to quick-step to join the new line.

That's happening now with the American Communists. They've been strangely silent since last week's Moscow announcement that Russia, which for three years suspended nuclear tests and said it opposed them, would resume testing.

When they collect their wits, the American party members will approve as they have approved one Russian shift after another through the years. Take a look at some of the classic flip-flops, by Russian and American Communists:

During the Hitler years up to 1939 Stalin was the enemy of Nazi fascism. In those years American Communists called for a "united front" against Germany. William Z. Foster, American party head who died last Friday in Moscow, was urging the United States to end its isolation and jump into the European power struggle.

In August, 1939, Hitler and Stalin signed their nonaggression pact. Within a month Hitler start-

ed World War II and he and Stalin carved up Poland.

Communist party members here and in France and England were stunned. They soon got in line. American Communists began urging the United States to stay out of war, cooked up the slogan "The Yanks are not coming," and opposed American defense preparations.

After the Nazis smashed the nonaggression pact with Stalin by invading Russia on June 22, 1941, the American Communists reverted overnight to the "united front" against Nazism.

The American Communists became so carried away with the idea that, under the leadership of Earl Browder, they changed their name to the "American Political Association." They called themselves a "nonpartisan association of Americans."

This was all right with Stalin until 1945, with the war in Europe almost over, he decided, although this country didn't realize it at the time, to drop the "united front" cooperation with the West and begin the cold war.

There was a simple explanation for this. Hitler was crushed and Stalin didn't need Western help which might be an inconvenience in taking over Eastern Europe. But Browder didn't understand.

He was still living under the illusion that harmony with capitalism was what communism wanted. Stalin had so much contempt for the American Communist party he didn't even notify it directly that the line had changed.

He got a French Communist

leader, Jacques Duclos, to do it in a letter he published in a Communist paper in Paris. Duclos ridiculed the absurd spectacle of American Communists cooperating with capitalism.

In this way the American party members got the word about the new flip-flop. In June 1945 they announced a new "Marxist" policy to bring to an end the "period of collaboration with the current political and economic setup of the United States."

Browder, on the rocks, denounced this as "Bohemian anarchism." Foster, Stalin's hand-picked disciple of the new line, denounced Browder as a "bourgeois reformist." The Communists' wartime "political association" voted itself out of existence and once again became the American Communist party.

Foster was named the new party boss—although Eugene Dennis, who died last Jan. 31, became the real one and Browder was thrown out.

But Communist party members everywhere—except perhaps in Red China—had their greatest convulsion on Feb. 24, 1956 when Russian communism made the greatest and most sudden switch in its history.

On that day Nikita Khrushchev, now premier, denounced Stalin, who had died in 1953, as a monster and murderer with a list of crimes behind him big enough to shock the world. Khrushchev even suggested that Communist parties outside Russia might work out their own road to socialism.

All over the world—but particularly in this country—Communist party members beat their breasts and tried to understand what the new flip-flop meant. The American Communists, in the Daily Worker of June 7, 1956, confessed: "We were wholly ignorant that these crimes had been committed (although it was clear to practically everyone else that Stalin had been slaughtering people for years). Yet, there was reputable evidence had we but listened . . . We were wrong, terribly wrong."

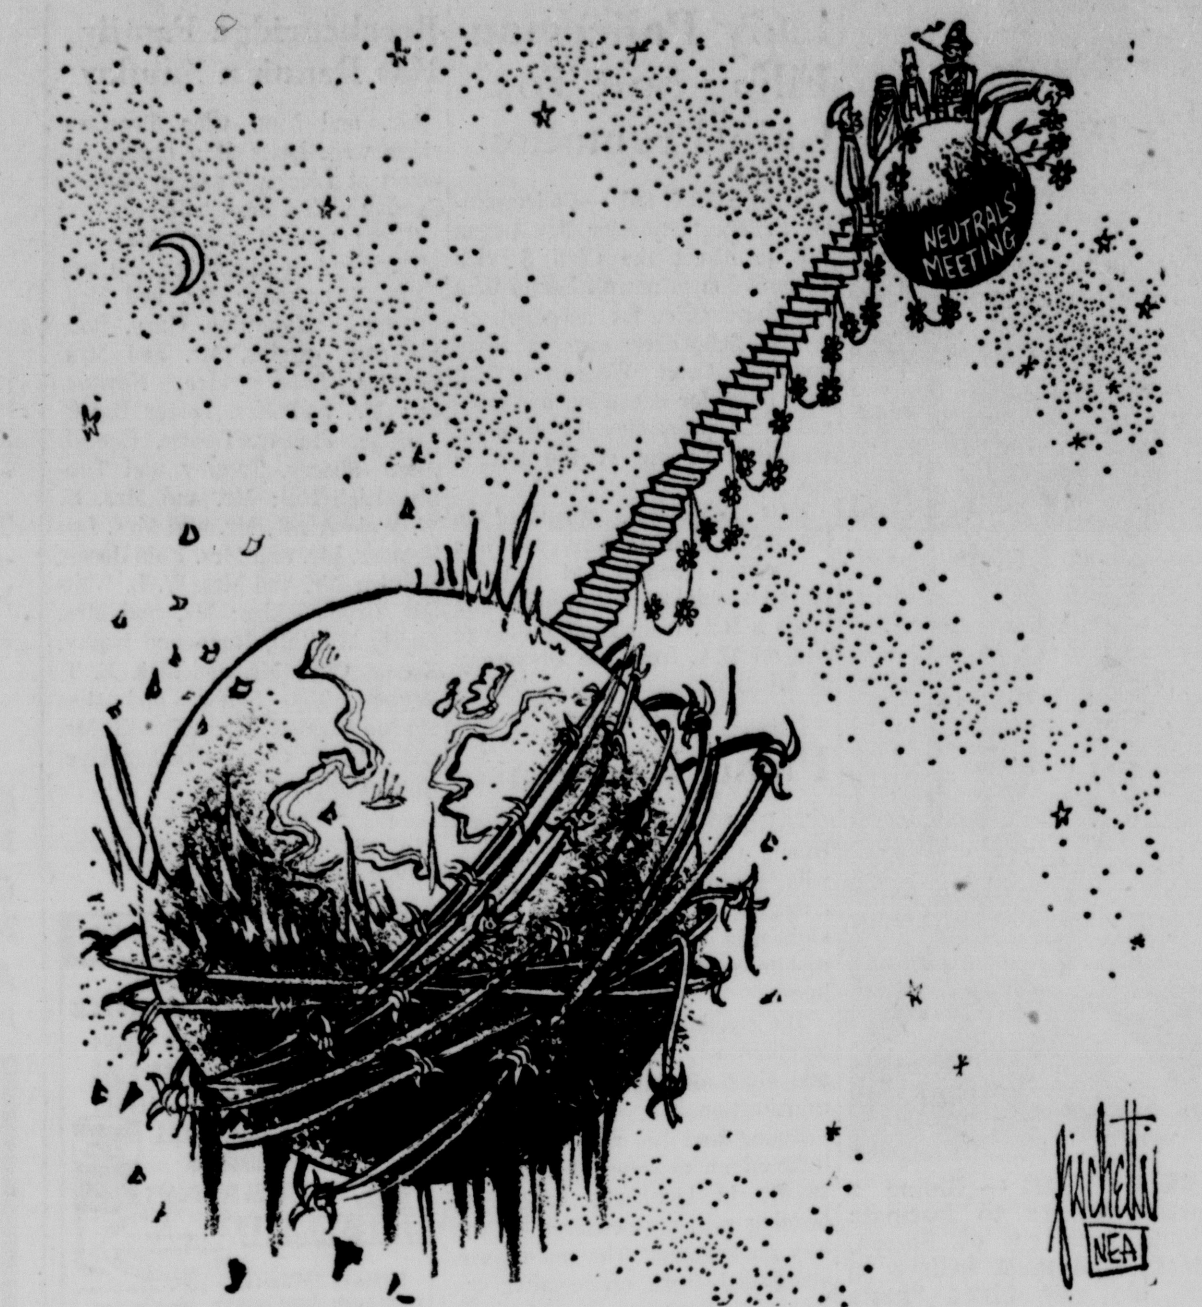

Some Communists—particularly in Poland and Hungary—thought maybe Khrushchev really meant to let them have a little more say-so on their own. He squealed that idea in a hurry by visiting Poland in 1956 and threatening force if the Poles got frisky. They subsided in a hurry.

But it was in Hungary that he really showed he wasn't relaxing anything. He sent in Russian tanks to slaughter the Hungarian rebels. This bloody action again threw Communist party members outside Russia into a tizzy. It didn't last long. Everywhere now they are under rigid Moscow control.

In each flip-flop the Communist party in this country lost members. Most of them were probably basically sentimentalists. The hard-core Communists stayed in the party whose low point was 7,500 members in 1930, whose high point was 80,000 in 1944 and whose membership now is about 10,000.

The new boss of the American party, Gus Hall, the successor of Dennis, has kept quiet recently, perhaps until he can digest the new Russian line on nuclear tests. Moscow says it must resume tests because of the Allies' threatening attitude.

Dear Reader: Dr Hyman appreciates your comments and questions but regrets that the heavy volume of his mail doesn't permit him to answer each individual letter or post card. However, he will comment in columns like the above upon matters of general or unusual interest.

## Back Up Long-Range Land Buying With Study

By FAYE HENLE

Q—My wife and I, city dwellers in our 40s, are thinking about buying land in the country with a view to building a house in 10 years or so, possibly as a retirement home. Would this be a good long-term investment? How can we finance?—R. F.

Dear R. F.: Values have gone up and you may strike a piece of land that could triple in value in a decade. Remember, however, to take taxes into account.

Keep abreast of news of the area which interests you, such as housing developments, all of which can affect values.

Whether you can finance land, depends on the area. If you're able to finance, a down payment of 50 per cent is most likely.

Before you start building, remember Mr. Blandings and his dream house. Costs have a way of soaring beyond estimates.

A suggestion: Why not buy a house and rent it out until you are ready to occupy it?

Q—How can you figure the amount of return a stock pays to the shareholder?—B. J.

Dear B. J.: Divide the number of dollars paid the shareholder during the past year—the dividend—by the current price of the stock. A stock selling at \$20 that paid its shareholders one dollar last year yields five per cent.

Q—I have been buying savings bonds through the payroll deduction plan. They are registered in my name and-or my mother's. My mother is 80 years old. If she should pass away, would I

have to pay inheritance tax on my own bonds?—E. B.

Dear E. B.: The Internal Revenue Service tells us that since you are paying for the bonds out of your own pay check, the bonds are your sole property not subject to inheritance tax should your mother pass away.

Q—I am interested in starting a business of my own and would appreciate some information. The businesses I have in mind are a baby sitting agency and independent milk delivery. Please send me particulars.—E. C.

Dear E. C.: Anyone thinking of going into business on his own should check with his state's department of commerce or local chamber of commerce.

The first thing to determine is whether there is a need in your area for the service you wish to sell or a market for the product.

Ask how much money you'll need in order to get started. If you need labor or raw materials, find out about sources and costs.

Above all, get advice on pricing your product. Many a person going into business on his own fails to evaluate his time properly.

Q—I am 69 but have not been able to get social security benefits because I have not worked long enough under social security. Will the recent change in the law help me get benefits now?—A. K.

Dear A. K.: Very likely. Under the recent change in the law a person of 69 or older can get benefits if he has as little as one-and-a-half years of work under social security.

## Eavesdropping on Shoppers Sure To Be Revealing

By RUTH MILLETT  
Newspaper Enterprise Assn.

Somewhere I read about a new gadget — a small electronic machine — that can be placed in retail stores to "eavesdrop" on shoppers' opinions of the merchandise offered.

If they ever start putting these electronic ears to work in department stores (especially in dressing rooms) they'll learn a lot about women shoppers.

Sure as shootin' they'll make the acquaintance of the woman who gets her sewing ideas from trying on ready-to-wear in all the fanciest dress departments in town. Of course, she tells the saleswoman that she can't find what she is looking for. But what she tells her shopping companion when the saleswoman leaves the dressing room is:

"I think I'll copy the blue dress . . . the one marked \$89.50. I can make it for \$15 . . . easy." And they'll get to know the women who try on clothes to kill time. They're hard to please, too — no matter how many dresses a saleswoman brings them. "Let's not try on anything else," one woman will tell another, "it's time for the tea shop to open. I'm glad we thought of trying on clothes in the hour we had to wait, aren't you?"

And the management also will discover the shopper with built-in resistance — the looker who thinks she has had a perfect day's shopping when she has looked at every store in town and hasn't spent a cent. Since "lookers" usually shop in pairs—there'll be lots of conversation to give them away.

And then there are the shoppers

who scout the stores at each change of season — not to buy immediately but to "select" what they intend to keep an eye on until it goes on sale.

"I want to think about that green dress," such a shopper tells the saleswoman. But what she says to the friend who is shopping with her is:

"I'll wait until the end of the season and maybe I can get it at half price."

## Looking Backward...

### TWENTY-FIVE YEARS AGO

The Public Loan Corporation will move to the second floor of the building they now occupy on the first floor, 108 East Fifth street. Improvements when completed will cost \$2,500 and provide more facilities for increasing business according to L. A. Harris, manager.

### FORTY YEARS AGO

Charles and Harold Yunker, sons of Mr. and Mrs. Louis Yunker, who are attending the University of Missouri, have been pledged to become members of the Sigma Phi Epsilon fraternity.

1921  
Frank W. Keyser, of this city, secretary of the Missouri Bankers' Association, has been notified that he has been elected a member of the executive council of the American Bankers' Association composed of about 23,000 members.

CAPE GIRARDEAU MISSOURIAN: Auditing Is the Answer.—Last year 111 bank embezzlement cases involved losses of more than \$10,000 each. The total losses of the larger embezzlement cases was more than \$10 million, 95 per cent of it covered by insurance.

Because bank defalcations on that scale are of public concern—they push up insurance rates and, if not taken in hand, threaten even more serious consequences — a top banking auditing official is convinced the situation calls for more safeguards.

Bank examinations under government supervision are not audits. Because only audits can detect the more skillfully concealed cheating, it is proposed that every bank adopt both internal and external auditing.

If management does not consider that feasible the auditing assignment should be rotated among the bank's officials so that every one of them has the opportunity of detecting the concealed flinching.

If the embezzlement racket continues on an ascending scale, it is clearly the duty of the government to compel protective measures when banks do not.

# Maris Needs Six More Home Runs

By ED WILKS  
Associated Press Sports Writer

Six more. Two every five games. That's all it will take now for Roger Maris to hit 60 home runs and tie Babe Ruth's long elusive record.

After belting No. 54, for his first hit in 17 at bats, as the New York Yankees clobbered Washington 8-0 Wednesday, Maris is seven games ahead of Ruth's record pace of 1927.

Mickey Mantle, who has paired with Maris for half of the Yankees' AL record setting 210 homers this season, was 0-for-2, walking twice, Wednesday and now is one game and one home run behind Ruth's pace. Mantle has hit 51.

Pushed to the background as Maris' 54th set off an awesome display of five Yankee home runs Wednesday was the fact that Whitey Ford became the first left hander to win 23 games in the AL since 1952 and that New York powered eight games ahead of idle Detroit.

The Chicago White Sox beat Minnesota twice, 6-3 and 4-2 in 10 innings, and Boston clipped Cleveland 9-4 in the only other AL games scheduled.

In the National League, St. Louis walloped Cincinnati, 11-5 and second place Los Angeles edged within one game of the Reds by beating San Francisco 9-5. Milwaukee beat Philadelphia 1-0, as Warren Spahn broke Eddie Plank's record of 305 victories by a southpaw in one league, and the Chicago Cubs defeated Pittsburgh 6-2.

Maris' solo home run, his ninth against Washington, broke up a scoreless duel between Ford (23-3) and Tom Cheney (1-3) and got the Yankees started on a five-run fourth inning after two were out. Blanchard belted two. Bill Skowron and Bob Hale hit the other home runs.

Ford allowed five hits and struck out seven. The win reduced the Yanks' magic number to 16—any combination of New York victories or Detroit defeats totaling 16 clinches the flag.

The White Sox banged 13 hits, one a homer by Nellie Fox, and beat Pete Ramos (10-17) as Juan Pizarro (13-5) won his seventh in a row in the first game at Minnesota, a replay of Tuesday's 3-3 tie. Two unearned runs in the 10th won the second game for the Sox and Don Larson (7-1), Camilo Pascual (12-15) was the loser.

Rookie Carl Yastrzemski drove in four runs, three with a homer, for Boston. Rookie Don Schwall (14-4) kept the Indians in check although allowing 11 hits. Jim Perry (9-13) lost it.

## 'Happy To Be Home'

# Sedalia Youth Recounts Thrills of European Stay

"It was a wonderful year in Germany," said Fred G. Lange, son of Mr. and Mrs. Fred M. Lange, 907 West Broadway, who has recently returned home from there, then he added, "Of course I am very happy to be home and I can readily say that Sedalia never looked better to me than it does now."

"I flew from the Kansas City airport on Aug. 22, 1960, and arrived the next morning in Munich, Germany, where my German family, the Dittmars, met me. From Munich we traveled to a summer resort area, mainly used for gliding planes as the whole Dittmar family is interested in flying and gliding. I was to spend my first week in a foreign land there. A week later we started for my new home which was a good day's drive from where we were located. By this time I was beginning to feel a little more at home and was beginning to learn a little German."

The first two months were spent in preparation for starting in the German school, Fred said, and to do this he had to learn the language. The easiest way to learn a foreign language, he said, is to be in that land and speak with the people themselves. You should not have a chance to speak your native language, he went on to say, and that was his case. His German parents could speak no English so he had to learn German.

In the middle of October he started to school, Fred said, and went until the middle of July. During this time he did many wonderful and exciting things besides going to school, one of them being a skiing trip with his school

class in the Alps in Austria for a week. He said he also took many nice trips with the Dittmar family and at Easter they drove to Berlin.

"I enjoyed seeing this island of freedom in the middle of Communist controlled land," Fred said, and continued, "Right now I am sure glad that I am not there because as far as I can see the situation is rather critical and all we can do is hope for the best."

About a month later, he said, he took a bus trip by himself through Italy, Switzerland and Austria.

He left Hamburg to return home on July 31 and arrived in New York on Aug. 9, where he was met by his mother, sister and Volker Dittmar. Volker and Fred exchanged homes for a year and Volker, who came to the United States a few weeks after Fred went to Germany, is still at the Lange home here.

The German people, as a whole, Fred found, were very friendly and are always gay, but are also the type who can turn serious when they have to. They are a very intelligent people, he said, and are advanced even though they have had two wars which really set them back. He said that he enjoyed his stay in Germany very much and hopes some day to go back and visit all the new friends he made while he was there.

# Hot Practice Sessions Harden Tiger Squad

## Tigers Sure They Are Contenders

Some Nervousness Evident; Starting Lineup Not Certain

There's little doubt in the minds of some 50 Smith-Cotton Tiger men that they are going to be contenders in football for sure this year. Over two weeks of hard work—in the heat of the days—has hardened the boys who display a little nervousness over the program this Friday night.

It's not "scared" nervousness, but that first-game-of-the-season nervousness. As soon as the first act (first play of the game) is over, the stage fright, no doubt, will leave the Tigers and they'll be on their way. They are hoping for a first game victory.

Coach Bob Edmondson isn't too sure just who'll be the starters has yet. Pictures were taken of a defense squad and an offensive lineup, but between Wednesday evening's practice and game time, 8 p.m. Friday, anything can happen in the coach's mind. Players may be switched back and forth, players on the sidelines as of Wednesday may be in the first line come Friday night. That's about the only way Edmondson could explain the results of the past weeks haven't fully confused him, but he sees plenty of good material for the Tiger Varsity this year.

But Coach Edmondson still stands on his first remarks about a prediction—"I haven't any." Some boys dropped out, some with good reason others just to quit, then there are those boys who reported for work a little late in the practice sessions and seem to be getting in shape, and then there are those who were real sticklers for hard work. It is showing up on those who have gone the "route" in this hot summer practice session and are in right good condition for the opener.

All-in-all, Smith-Cotton may not have the 1961 Central Missouri Conference Champions, but the Tigers do have a team to be reckoned with and opponents will probably find them no "push-overs." It is well admitted a good number of the boys are still "green" on football but there are 15 lettermen back, and most should know what's going on.

Workmen are busy getting the seats painted in the large Jennie Jaynes Stadium and getting the area looking good for the opening game.

The Tigers have three non-conference tilts before entering into the CMC play which will be against Mexico, there on Sept. 29.

### Warsaw Boys Softball Squad Buries LaMonte

The Warsaw boys' softball squad buried LaMonte 23-7 while the LaMonte girls' team took revenge on Warsaw 30-8 in games played Wednesday night at LaMonte.

In the boys' game, Warsaw jumped to a 1-0 lead in the first inning, and never failed to score in any inning. LaMonte's only hot inning was the second when they put across seven.

Two homers in the fifth put the final touches on Warsaw's offense. The circuit clouts were by Joe Franks, with none on, and by Hirsch with two on base.

Lake and Powell split the mound chores for Warsaw, and Blakeley took the loss for LaMonte.

In the girls' game, Warsaw managed to tie the game in the top of the third, but LaMonte came back in the bottom of that inning with ten entries into the score column.

LaMonte will play Sacred Heart this Friday, 7 p.m., at the LaMonte High School diamond.

### Rod and Gun Club Firing Takes Place

Firing in the Sedalia Rod and Gun Club trap league for consolation honors took place Wednesday night. Four teams participated, Broadway Lanes winning the shoot-off, with Cecil's TV second, Connor-Waggoner third, and B&J Gun and Radio fourth.

Broadway Lanes had a 103; Cecil's, 100; Connor-Waggoner, 91; and B&J, 90.

The big night for the league shooters will be Wednesday night, Sept. 13, when Trophy Presentation Night will be held, starting at 7:30 p.m. Junior shooters and all team sponsors and their families are urged to attend the presentation.

Sunday's shoot was won by Omar Prigge, Kansas City, with Dick Cole second and third split between Claude Luttman, Versailles, and Vernon Arnett, Green Ridge.

The Derby Shoot, Wednesday night, saw Vernon Arnett and Bill Steljes dividing honors with 24 "rocks" each; George Cummings second with 23; and Dick Cole third with 22.

### Dodgers In One Game Of NL Lead

By ED WILKS  
Associated Press Sports Writer

The Los Angeles Dodgers have scrapped back to within one game of Cincinnati's stumbling Reds in the National League pennant race.

After blowing a 3-0 lead against San Francisco Wednesday night the Dodgers went to work, coming from behind with a five-run eighth for a 9-5 victory.

Cincinnati lost to St. Louis 11-5. While the Dodgers swept their four-game series with San Francisco, still hopeful Milwaukee beat Philadelphia 1-0 as Warren Spahn nailed his 306th career victory, most ever in one league by a left-handed pitcher. The Chicago Cubs defeated Pittsburgh 6-2.

In the American League, Roger Maris hit his 54th home run as the New York Yankees built a whopping eight-game lead over idle Detroit with an 8-0 romp over Washington. The Chicago White Sox took two from Minnesota, 6-3 and 4-2, in 10 innings, and Boston beat Cleveland 9-4 in the only other games scheduled.

The Dodgers got started on the big eighth when Frank Howard, who had singled home two runs in the first, rifled a single that almost knocked down losing reliever Stu Miller (10-4) of the Giants. Willie Davis went in as a pinch runner, stole second and scooted on to third on catcher Ed Bailey's wild peg. Pinch-hitter Norm Larker brought him in with a single, tying it 5-5, and John Roseboro followed with a pinch double that gave Los Angeles the lead. An error, a walk, Wally Moon's two-run single and a force out by Snider brought in the other three. Snider also hit a solo home run in the fifth.

Roger Craig (5-6), fourth of six Dodgers pitchers, was the winner. He faced just one man after Larry Sherry had to leave in the eighth because of arm trouble. The Giants wiped out the Dodgers' 3-0 lead with home runs by Jim Davenport, Felipe Alou and Orlando Cepeda off starter Sandy Koufax.

St. Louis twice came from behind against the Reds after knocking out their ace right-hander, 19-game winner Joey Jay, with two runs in the first inning. A two-run sixth on two of the Reds' four errors, Stan Musial's sacrifice fly and Ken Boyer's single, put it away and beat reliever Jim Maloney (6-6).

Right-hander Larry Jackson (12-9), a winner in nine of his last 10 decisions, settled down after

### Will Hold Sand Green Tournery At Elm Hills

The Elm Hills Sand Green Tournament will be played this Sunday under four flights, A.B.C. and D. The tournament is open to all amateurs in Central Missouri, and early entries indicate plenty of activity on the course.

It will be 18 holes of medal play. Merchandise and trophies are to be awarded the top winners in each flight. The course will be open to entries at no charge for practice rounds on Friday and Saturday.

It is the third annual tournament sponsored by Dorothy and Russell Ream, who operate Elm Hills.

Local golfers are urged to get their entry in before Sunday if possible.

Something new in entertainment is being sponsored at the Elm Hills Golf Course through a "Swap-Meet". It is to be held on the Driving Range course on Sunday, Sept. 16.

### Missouri's Share Of Grid Tickets Sold

COLUMBIA (AP) — Missouri's share of tickets for the Missouri-Kansas football game at Lawrence Nov. 25 are all sold.

Athletic Director Don Faurot said the supply of tickets allotted for Missouri students, alumni and other fans is covered by orders now in hand.

Kansas announced recently that a person will have to buy a season ticket to get one of the remaining seats for the Missouri game.

walking three men on 12 consecutive pitches in a three-run third and held the Reds to one run, a homer by Jerry Lynch, over the last six innings.

Spahn (18-12), closing in on his 12th season of 20 or more victories, beat Eddie Plank's record of 305 victories, all in the AL, by blanking the Phils on three singles. It was Spahn's 54th career shutout.

The Braves, now six games in back of Cincinnati, had five hits, scoring in the first inning off John Buzhardt (5-16) on a walk, Ed Mathews' single and Hank Aaron's sacrifice fly.

The Cubs made the most of five Pittsburgh errors and the eight-hit pitching of Don Cardwell (13-12), who had the Bucs blanked until they scored two unearned runs in the eighth. Joe Gibbon (10-10) was the loser.

## Attending Meet On Federal Crop Insurance

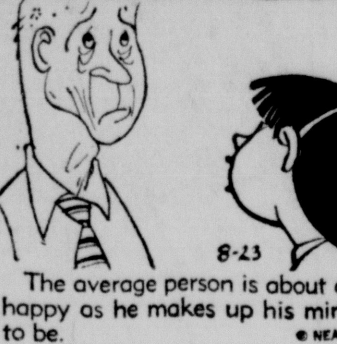

Personnel with the state office of the Federal Crop Insurance Corporation, located at 605 South Massachusetts, are attending an area conference covering several states in Denver, Colo., this week.

At the conference are F. Reed Grainger, Missouri state director; Ronald Lovan, state office manager; and district directors, W. Kenneth Pyle, J. Eugene Messick and J. Sam Harlan.

Corn, soybeans and wheat are among the crops on which insurance will be improved. Several new counties will be added for 1962 spring crops in addition to the 34 counties where coverage is presently being offered.

Director Grainger said his corporation is looking forward to the kickoff of the revitalized crop insurance programs. The aim of the corporation is to make available to as many farmers as possible an insurance plan that will protect high investment costs necessary to produce a crop.

## News of Interest To Mid-Missourians

**OTTERVILLE** — Mrs. Arthur Edwards entertained a group of children Thursday afternoon with a party honoring her daughter, Robin, on her fourth birthday. The afternoon was spent taking pictures and playing games with a prize being won by Debbie Marcum.

The clown motif was used in decorating. Refreshments were served from a table centered with a doll dressed in a clown costume. Tiny clown heads and candles decorated the birthday cake.

Guests were, Becky Glenn, Shelly Aldrich, Marsha Cave, Karen Cave, Pam Cave, Debbie Marcum, Wanda Bottoms, Gail Burnett, Robert Young, Randy Marcum, Eddie Thomas, Chuckie Bottom, Dwayne Walje and Larry Landreth, Otterville, and Gary Locker, Liberty.

Favors were given to each child and the honoree received many nice gifts.

**OTTERVILLE** — A family dinner was served at the home of Mrs. Lucy Sanders honoring her son and daughter-in-law, Mr. and Mrs. James Sanders and family, Birmingham, Ala., who came for a short visit. Present were, the honorees, his mother, Mrs. Sanders, and his sisters, Mr. and Mrs. S. J. Hainen, Tipton, Mr. and Mrs. Robert Thomas and family, Syracuse, Mr. and Mrs. George Page and family, Otterville, and his brothers, Mr. and Mrs. Cloyd Sanders and family, Marshall, and Nolan Sanders.

Mrs. Minnie Stillwell had as weekend visitors her daughters, Mr. and Mrs. Oldie Dunn, Mrs. Margaret Otten and E. J. Porter, Omaha, Neb., and Mr. and Mrs. Sam Brockman, Independence.

Mr. and Mrs. Tommy Broderesen and son, Steve, Shenandoah, Ia., spent the weekend with his parents, Mr. and Mrs. Arthur Broderesen.

**OTTERVILLE** — The Otterville 4-H Club met at the IOOF Hall Thursday for its regular monthly

meeting with 12 members and five adults present.

Mary Thomas was in charge of the meeting. Plans were completed for the club float for the Street fair. Plans were also made to attend the annual Stamper youth auction at Moberly to be held on Sept. 9. Johnny Meyer was selected to represent the club in the Calf scramble.

Checks were presented to the members, who won awards at the Cooper County Youth Fair, Booneville, as follows:

Bill McKnight, red ribbon on electricity; blue ribbon on livestock judging; red ribbon on light-weight barrow; red ribbon on junior spring sow; blue ribbon on junior spring boar; purple ribbon on champ of Hampshire breed, boar; light purple on reserve champion of all breeds, boar.

Jimmy Wallenburn, red ribbon on trouble light; red ribbon on three way and red ribbon on salt box.

Mara Lee Herndon, red ribbon on gooseberries; red ribbon on gingerbread; and white ribbon on biscuits.

Sherry Herndon, red ribbon on relish; red ribbon on cookies; and white ribbon on brownies.

Allen Castle, blue ribbon on trouble light.

Mary K. Thomas, white ribbon on gingerbread; and white ribbon on biscuits.

Johnny Meyer, white ribbon on lamp; and Ronnie Meyer, white ribbon on lamp.

Billy Joe and Harvey Meyer were appointed as the refreshment committee for September.

Bill McKnight gave an interesting report on his Sow and Litter project and showed the ribbons he won at the Youth Fair listed above and at the State Fair as follows: silver ribbon on spring sow; silver ribbon on spring boar; bronze ribbon on light weight bar-

row; red ribbon on livestock judging.

Johnny and Ronnie Meyer served refreshments.

**STOVER**—A surprise fish fry was given in honor of Mr. and Mrs. Edwin Kersek, Stover, at the home of Mrs. Mary Schick Sunday.

Present were: Mr. and Mrs. Lewis Gerco and sons, Sedalia; Mr. and Mrs. John Wehrman and children, Viola, Violet, Leonard and Elroy, Mr. and Mrs. Otto Witte, and son, Martin, Mr. and Mrs. Charles Buckley and children, Robert, Donald and Lucille; and Mrs. Leona Kersek, all of Stover.

The fry was given in honor of the fourth wedding anniversary of Mr. and Mrs. Kersek.

Mrs. Kersek is the daughter of Mr. and Mrs. Otto Witte and Mr. Kersek is the son of Mrs. Leona Kersek, all of Stover.

### Sunnyside Extension Holds Basket Dinner

The Sunnyside Extension Club held a basket dinner at Liberty Park Tuesday with families of the members as guests.

Present were: Mr. and Mrs. R. A. Potts, Mr. and Mrs. N. M. Curry Jr., Mr. and Mrs. John Ryan, Mr. and Mrs. W. Harrell, Mr. and Mrs. Otis Thomas, Mr. and Mrs. John Knaus and Mr. and Mrs. Ralph Withers and their families.

Mrs. R. A. Ragland and granddaughter made a visit later in the evening.

The prayer was offered by Mr. John Ryan.

The next meeting will be Sept. 26 with Mrs. H. L. Mewes. A handicraft program will be presented by Mrs. Melvin Harrell.

Hal Boyle's Column

# Boyle's Mailbag Filled With Both Chuckles and Worries

By HAL BOYLE  
NEW YORK (AP) — Things a columnist might never know if he didn't open his mail.

The greatest victory of our time has been quietly won in the laboratory, not on the noisy battlefield. . . . medical research has saved an estimated 2,230,132 lives since 1950, more than were lost in all the wars the United States ever fought.

Prosperity note: U.S. banks last year handled 13 billion checks. (Whatever happened to cash? Is everybody mad at it?)

Here's something to be grateful for: 9 out of 10 men who start to grow a beard give up within a week.

Did you know vanilla comes from one of more than 20,000 varieties of orchids? . . . Vanilla is still the most popular ice cream flavor, outselling all other flavors combined.

Tip to tourists: In Michigan the road to Hell is paved with more than good intentions. . . . You can go to Hell there by driving to it.

from a town called Paradise.

Women are invading en masse outdoor sports once popular chiefly with men. . . . fishing is a big example. . . . One out of four anglers now wears lipstick.

Our quotable notables: "To the average man, doomed to some banal and sordid drudgery all his life long, women offer the only grand hazard he ever encounters. Take them away and his existence would be as flat and secure as that of a milk cow."—H.L. Mencken.

Odd legislation: In Sweden it once was against the law to drink coffee. . . . In early 17th century England women were banned from becoming either druggists or doctors.

Signs of the times: "This one was posted in a California awning store: "Come in, and get the shadiest deal in town!"

Had your eyes checked lately? It is believed that nearly 1.25 mil-

lion Americans have glaucoma without knowing it. . . . and may lose their sight if untreated.

Prolific presidents: John Tyler had the most children of any White House tenant—15 by two wives. . . . William Henry Harrison led in later descendants. . . . He had 8 grandchildren and 106 great-grandchildren.

Those spicy Americans: We have only about one sixteenth of the global population, but we use almost a third of the world's output of pepper.

Wisecrack of the week: Walter Slezak says he knows a bald man so two-faced he has to wear a fourpiece!

Worth remembering: "Men have their faces on our money, but it's the women who have their hands on it."

You think you've got a weight problem? . . . Grizzly bears gain up to three pounds a day during the summer. . . . But unlike you, they can hibernate and sleep it off.

It was Dorothy Dix who observed, "Drying a widow's tears is one of the most dangerous occupations known to man."

## Loss of Sleep Is Studied By Army Scientists

WASHINGTON (AP) — Army scientists, solemnly investigating the effects of sleeplessness, have discovered what many GIs long have known — that a loss of sack time makes a wreck of a man.

Making public results of the study, the Army said scientists at the Walter Reed Army Institute of Research learned that:

"Under prolonged sleep loss the nervous system begins to behave something like a motor in need of a tuneup. It alternatively misfires, runs normally for a while, and falters again.

"These misfirings include lapses in attention and fleeting visual illusions which make floors

seem to tilt at a dangerous angle or roll like a wave."

delicious flavor-brightened way to "Eat" more Milk...

**"Eat more Milk!"**

**84% MORE MILK VALUE in every slice of HOLSUM BUTTERMILK BREAD!**

Here's better nutrition and brighter flavor, too! In every slice, Holsum Buttermilk Bread now gives you 84% more milk value than the average white bread! That means more calcium for sturdy bones and teeth... more of the right protein for body growth, development, resistance. And this is a nutrition boost in the form of non-fat solids of sweet cream buttermilk which brighten flavor so incredibly! Yes, your whole family will praise this way to "eat" more milk—'cause they'll just love every tempting bite of Holsum Buttermilk Bread!

# Nuclear War Would Alter Human Form

STOWE, Vt. (AP)—An all-out nuclear war in the 20th century would mean the end of mankind as we know it by the 40th century, the president of the American Academy of Arts and Sciences says.

Dr. Hudson Hoagland, the academy president, told a news conference Tuesday that every one alive after such a war would have suffered genetic damage and in succeeding generations the whole character of man would change.

Hoagland was in Vermont for the seventh annual conference on science and world affairs—known in other years as the Pugwash Conference because it began at the Pugwash, N.S., home of Cleveland, Ohio, industrialist Cyrus Eaton.

The two-week meeting is being attended by 47 scientists from 12 nations, 13 of them from the Soviet Union.

Opening the conference Tuesday, Hoagland stressed the danger of genetic damage from a nuclear conflict.

"It is appalling to consider the arrogance and stupidity of any one generation of man who, for political differences, is prepared to destroy irreplaceable genetic material," he told the scientists.

Nuclear war is the ultimate horror, Dr. Hoagland said. The big contribution of meetings such as the one now going on is to gain time for the world to agree on ideological differences, he said.

Every day we stay alive is a gain, he told his news conference.

## Couple Shows Love In Unusual Manner

SELB, Germany (AP) — Angelika Netou, 20, got jealous because Spiridon Sakas, 24 and also Greek stole a few glances at other girls. Angelika slashed Spiridon's cheeks and arms with a razor. He walked out nursing his wounds. Afraid that she had lost him, the girl jumped from her third-floor apartment window, breaking both legs. Spiridon rushed to the hospital and asked Angelika to marry him. They were wed in the hospital.

one generation of man who, for political differences, is prepared to destroy irreplaceable genetic material," he told the scientists.

Nuclear war is the ultimate horror, Dr. Hoagland said. The big contribution of meetings such as the one now going on is to gain time for the world to agree on ideological differences, he said.

## Quisenberry Hustlers Elect New Officers

Election and installation of officers was held at the regular meeting of the Quisenberry Hustlers 4-H Club Monday at the Quisenberry School.

Officers are: president, Patricia Fiedler; vice-president, Evelyn Pohl; secretary, Candace Grotzinger; treasurer, Richard Chappell; reporter, Linda Mergen; council representatives, Steve Cook and Richard Volpp; song and game leaders, Dorothy Mergen and Judy Harsch; and parliamentarian, Danny Lowe. Community leader is Mrs. Oswald and the assistant leader is Charles Siron.

Demonstrations were presented as follows: Karen Rissler, "How to Divide a Peonie;" Richard Chappell, "How to Divide an Iris Bulb;" and Dale Wilson, "How to Put Together a Syringe."

The next meeting will be Oct. 2 at the Quisenberry School.

## Safe Drivers Get Cheaper Insurance Under New Test

By ALTON BLAKESLEE  
Associated Press Science Writer  
NEW YORK (AP)—A new drivers' test is slashing auto insurance fees for boys and young men who are really good drivers.

The test successfully predicts whether the male aged 16 to 25 is likely to be a safe driver or an accident-prone hotrodder, psychologist Charles F. Haner of Grinnell College, Iowa, said today.

The test is purely psychological. It does not involve vision, reflexes or any driving skills—just general attitudes.

The young man who scores high gets insurance at the same rate which adults pay. Lower scores kick up premiums. Those in the lowest group pay four times the adult rate.

At present, most insurance companies automatically charge double the adult rate for all males 16 to 25, because this age group has such a high proportion of accidents, Haner said. Rates may be four to five times normal for accident repeaters. Girls of this age do not pay such penalty rates. In two years' experience with 4,000 young male drivers, the test

has worked well in predictions, the two highest risk groups. They have had 50 per cent more accidents—and more serious accidents—in which they were fully to blame than would be expected from the number of drivers involved.

He said 24 per cent of young men had been classed in Group 1, the low risk group. And their accident rates have been slightly below that of all adult rates in Iowa, he reported.

About 40 per cent were put in Democrat Class Ads Get Results! Phone TA 6-1000.

## Doughnut Space Platforms

## Radio Beacon From Homing Pigeon May Aid Scientists

By THE ASSOCIATED PRESS

Radio stations on pigeons' backs, ideas for doughnut-shaped space platforms, and Navy voyages on a miniature ocean are among the newer wrinkles for scientists at work.

## Station P-I-G-E-O-N

A new miniature radio that can be strapped piggy-back to a homing pigeon may lead to a breakthrough in solving the mystery of the "homing instinct"—and perhaps point the way to new developments in target-seeking missiles.

This is the word from scientists of the Office of Naval Research. A Philadelphia firm, American Electronic Laboratories, has devised for them a powerful miniaturized radio beacon, weighing less than an ounce. It's capable of sending signals detectable for 20 miles in all directions when broadcasting from the back of a pigeon in flight.

In a recent test, a pigeon was successfully tracked throughout a 20-mile flight to his home loft.

Cheered by this, Navy researchers now envision possibilities of adding other tiny devices to the system. These would be designed to record the environmental conditions of flight and also take the bird's blood pressure and breathing rate—so that clues might then be obtained as to just how the bird navigates.

The Navy scientists are also planning to attach similar radios to porpoises, sharks, whales and marine turtle.

It's all part of an effort to incorporate into missiles—and navigational devices—electronic gadgets that would virtually duplicate the wonderful navigational

powers of certain animals and birds.

## Space Doughnuts

Some scientists see possibilities of developing "inflatable space stations" which would be, in effect, flying doughnuts.

According to one idea, a metal capsule, like the Project Mercury device, could be lofted into orbit. Then, a lightweight inflatable material would be blown up around it in a doughnut shape. The astronaut would open a hatch in his capsule and enter the doughnut—and have room to move around comfortably for a flight lasting several weeks.

## Tom Thumb Gale

The Navy has a brand new model size ocean for subjecting dwarf-sized versions of the ships of tomorrow to virtually all the rigors of a gale at sea.

The laboratory ocean is a water filled basin 360 feet long, 240 feet wide and 20 feet deep. By means of pneumatic wavemak-

ers located at one of the walls, engineers can create "a confused sea state which closely approximates the cross-sea" of a true ocean in a full gale.

## Hot Weather Solace

The snows that fell last year are all gone—but it took a lot of energy to melt them. The National Science Foundation figures, for example, that to melt the 40 million tons of snow that dropped on New York City during the big Feb. 4, 1961 storm required heat energy equivalent to that from 120 nuclear bombs of the type dropped on Hiroshima. That adds up to heat from 2.4 million tons of exploding TNT.

The fall meeting of the Pettis County Home Economists group will be held Monday night, Sept. 11. Mrs. Albert Moore, Route 2, Sedalia, is chairman. Home economists interested should contact Mrs. Moore for reservations.

### Mixing Yeast Breads and Rolls

There are four different methods for mixing yeast breads and rolls.

The straight dough method is the usual one. All the ingredients are mixed into a stiff dough. It is kneaded, set aside to rise until double in bulk, punched down, allowed to rise again and then shaped into loaves or rolls.

The sponge method was the one used before yeast was developed to its present efficient state. Many people still like to use it because of its characteristic flavor and lightness. The liquid, yeast, sugar and enough flour to make a thin sponge are mixed and set aside until full of bubbles. Then the remaining ingredients are added and the process is the same as with the straight dough method. This takes more time (six to eight hours) but less yeast.

The no-knead method is popular because it is quick and there is no kneading. All the ingredients are mixed together into a dough which is as stiff as can be beaten. It is a softer dough than the standard dough and usually it is not punched down but made into rolls after it has risen once.

The batter method is the newest, quickest, and easiest way to bake with yeast. Batter breads can be ready to serve two hours after being started. All ingredients are mixed and you have a batter instead of dough. It rises more quickly. It is poured into the baking pan or muffin tins as it is too thin to shape.

With any method over or under kneading or beating will cause the bread to be heavy and poor in texture and volume. Knead or beat until the dough or batter looks smooth and tiny bubbles appear just beneath the surface. The kneaded dough should feel soft, satiny and elastic. It takes from 5 to 12 minutes to beat and-or knead bread. An electric mixer may be used for beating only until about half of the flour has been added. Beat about two minutes at low speed.

In kneading use light even strokes. Flatten the dough, fold

over itself from the far edge, then with fingers curled around the dough, use palms of both hands to push dough from you two times then turn it around. Fold over and continue rhythmically until dough feels smooth, satiny and elastic. The first kneading takes from eight to 12 minutes. For punching down and shaping use a quick light touch and avoid much handling.

Hard wheat flour requires more kneading than soft wheat flour. Less beating and kneading is required for rolls than for loaves as it requires less development of the gluten to support a roll than a loaf. The dough is softer and usually sweeter and richer for rolls than for a loaf of bread.

"The art of bread making" is knowing when to stop adding flour and how long to knead. Always keep the dough soft rather than stiff. A pastry cloth makes it easier to handle a soft dough. Add all the needed flour before setting the dough aside for the first rising. If flour is added after fermentation has progressed it will make streaks and dark areas in the baked bread. Yeast dough needs to rest or it may become sticky and rubbery. Let it rest five to ten minutes before shaping. Punching the dough down helps break up big bubbles. It moves the yeast plants to a new food supply and you have a more uniform fermentation.

### Use Green Peppers

Pick peppers that are firm, mature, well shaped, thick flesh, and of good color and fresh appearance. Shriveling or softness may indicate age or immaturity.

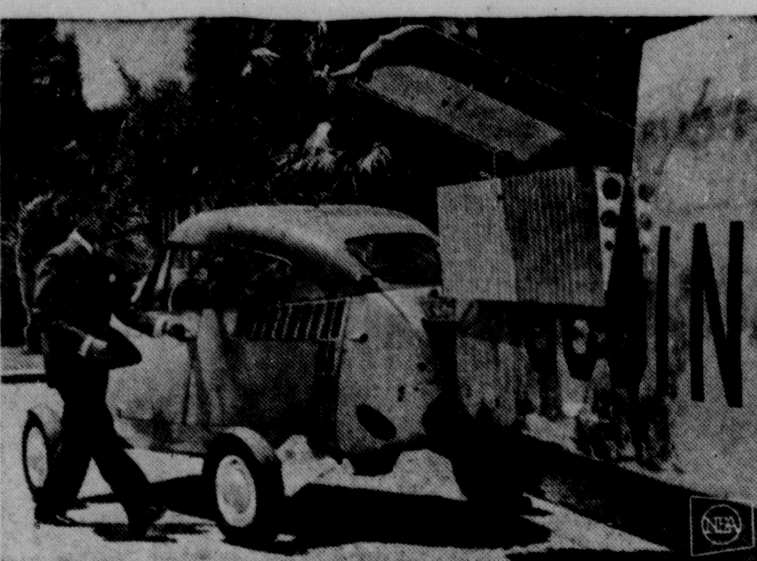

Peppers have many uses. They are used as a garnish, flavor accent, in relishes, pickles, and may be an important part of the main dish as stuffed peppers. They add

flavor to casseroles, sandwiches, salads and soups.

Peppers are high in nutritive value. They have more to offer than their attractive color and mild flavor. They should be considered in the diet for their valuable nutrients. Very rich in vitamin C, one medium sized pepper eaten raw, contributes 100 per cent of the daily vitamin C needs. They are also a good source of vitamin A. And there are only 16 calories in one medium sized pepper.

Easy to Freeze — The U.S. Department of Agriculture's home freezing directions explain that peppers frozen without heating are best for use in uncooked foods. Heated peppers are easier to pack closely, and good for use in cooking. To freeze—wash and cut out stems, cut in half and remove seeds. If desired, cut into half-inch strips or rings. You can simply pack the halves or slices of pepper into freezer containers, leave no head space in the container and freeze pepper immediately. Or to be used in cooked dishes, heat halves in boiling water three minutes (slices two minutes). Cool promptly in cold water and drain. Pack in freezer containers leaving one-half inch head space for expansion during freezing. Seal containers and freeze at once. These directions can also be used for freezing hot garden peppers.

move seeds and parboil the pepper five minutes. Stuff with a mixture of tuna fish, or ground beef, diced celery, onion, and one-half cup of cream of mushroom soup. Place in a baking dish and bake in a 350 degree oven for 45 minutes. The soup remaining will make a delicious gravy to serve

with the peppers. Parsley potatoes, a tossed salad and a fresh
